- I. <u>Call to Order</u>
- II. Roll Call
- III. Adoption of the Minutes (n/a)
- **IV.** Audience Comments (3-minute time limit) *Please step to the podium and state your name and address for the record.
- V. <u>New Business</u>

712 Cleveland Road E PPN 42-65009.000 Current Zoning: R-1 Owner/Applicant: East Cleveland Road LLC (Huron Sports Academy)-Site and Design Plan Review for Commercial Signage

VI. Adjournment

TO: Chairman Boyle and Members of the Planning Commission

FROM: Christine Gibboney, Administrative Assistant **RE:** 712 Cleveland Road E- Commercial Signage

DATE: July 17, 2024

PPN 42-65009.000 Current Zoning: R-1 Address: 712 Cleveland Road E

Owner/Applicant: East Cleveland Road LLC (Huron Sports Academy)

Applicant- Brian Morgan, More Vang

Subject Matter/Background

Owner is proposing permanent signage for their new school, Huron Sports Academy, which opens on August 14, 2024. Proposed signage includes wall signs and window signs. The applicant also advised of a monument/ground sign and is working on getting the site plan and elevations, but had not submitted at the time of this report.

Land Use and Zoning

R-1 Single Family Residential District – School

Staff Analysis/ Recommendation:

This property as well as other schools within the city are located within the R-1 Zoning District which creates challenges regarding Commercial Signage as these are not recognized/allowed in R-1 Districts. Huron Sports Academy advised they would be opening in mid-August, and if possible, seeking approval to have a few of the permanent signs in place for the opening. Staff explained that we were not able to provide approval as both BZA and PC/DRB approvals are necessary before permits can be issued.

Staff consulted the Building Official regarding the past protocol with regard to process, since we know every school sign would have encountered this dilemma. He confirmed that the BZA would have to grant a variance to allow for the signage, and the PC/DRB would provide the site and design plan approvals.

To expedite the process to the extent we can, we are taking the case to this body first for site and design plan reviews and would ask that any recommendation be conditional pending BZA approval. The next regular BZA meeting is August 12th.

As staff understands it, with no code regulations for the proposed signage, the Planning Commission will apply design and construction standards to determine and approve site

and design plans in such a case. Staff did consult with both the Police and Fire Departments for any safety concerns relative to the proposed application, neither department had any issues with the signage.

Applicable Code Sections

1141.04 Powers and Duties of the Planning Commission Relating to Design Review.

1129.06 Design and Construction Standards

Chapter 1129- Sign Regulations (Appendix A) does not allow for commercial signage since this is a Residential District, except for ground signage which is acknowledged, with reference to 1129.05(d).

Section 1129.05(d) does reference ground signage, but seems to be referring to neighborhoods/subdivisions:

PERMANENT GROUND SIGNS								
DISTRICT	Maximum Number Permitted	Maximum Area (sq. ft.)	Maximum Height (ft.)	Minimum Setback from ROW (ft.)	Minimum Setback from Side Lot Line (ft			
R-1	1 per subdivision	8	6	7	5			

Huron Sports Academy is proposing the following signage:

Wall Signs

- #1 300sf Oval Vinyl Signage- Brick Wall -Rear
- #2 290sf Rectangular Signage-Brick Wall- Rear
- #3 69sf Dybond Signage- School Name- Brick Wall Front of Building (existing location of Shawnee School Block Lettering)
- #4 10sf Metal Signage- Near Entrance- Brick Wall Front of Building (existing location of Shawnee Metal Sign)

Window/Door Signage-Vinyl Surface Logos

- #1 186sf Left Side-Doors & Windows (12 panels)
- #2 77sf Right Side- Doors & Windows (12 panels)
- #3 29sf Front Entrance Doors (3 panels)
- #4 78sf Front Window- (16 panels)

Ground Signage (location of previous digital sign)

The applicant has advised that they are looking to place a monument/ground sign in the same location of the previous sign. As of this writing, staff has not received the rendering or site plan for this sign.

If the Planning Commission/DRB approves of the site and design plans, staff would recommend the motion be conditional upon approval by the BZA.

SECTION 1. SITE DEVELOPMENT PLAN APPROVAL (SECTION 1139.01) *The application fee of \$150.00 and a complete site development plan with the following information included:

1. SITE PLAN & SCALED DRAWINGS

- Legal Survey or Plat Map
- Dimensions of the Lot & Property Lines
- Size and Location of the Existing Structure (if applicable)
- Size and Location of the Proposed Structure
- Front, Rear, and Side Setbacks of Existing Structure (if applicable)
- Front, Rear, and Side Setbacks of Proposed Structure
- Height of the Proposed Structure
- Existing and proposed land uses and the location of existing & proposed buildings and other accessory structures on the site.
- Location of vehicular ingress& egress, parking spaces (both existing & proposed) and the dimensions of same. *Refer to code for parking requirements.
- Extent and type of parking lot and driveway paving.
- Location and dimensions of all pedestrian ways and/or sidewalks.
- Location and size of all existing and proposed utilities
- Complete building elevations and signage including color renderings of same
- Lighting plan for the site including style and intensity of all parking lot and building mounted lighting. (Design Review)
- Landscape Plan. *Refer to code for requirements. (Design Review)
- The plan and method of disposing of all surface water from the development area; drainage plan shall be in accordance with Section 1115.03

2. WRITTEN STATEMENT

- A legal description of the site and state of the present ownership of all the land included within the site development area.
- A statement of ownership (names & addresses) and the present use of all properties within 150' of the exterior boundaries of the subject development site.
- A general indication of the expected schedules and/or phases of development.

	Photographs of Existing Conditions
	Elevations of Proposed Modifications
	Paint or Color Samples
	Exterior Building Material Samples
	Landscape Plan
	Exterior Lighting Plan
	Commercial Signage- Site Plan, Colored Elevations, Description of sign materials, Illumination
specif	ications. Complete the table below:

		Sign Type (d	ircle)					Dimensions			
Cian #1.	Wall	Window	Other:	Height		Width		Display Area		Height (if gro	und)
