### **Subject Matter/Background**

City staff submitted a pre-proposal for the Coastal Management Assistant Grant program on October 15, 2021. In early November, ODNR encouraged staff to proceed with a final submittal of the Public Works Beach Trail project. The project is relatively simple in scope, which include a 10'-0" wide multi-use trail approximately 0.2 miles in length and an 8'-0" high security fence. As an aging community dedicated to equity in mobility, this proposal integrates ADA specifications to allow all community members to successfully access and maximize usage of this seemingly hidden public beach amenity. The final submittal is due Monday, December 13, 2021.

### **Financial Review**

The composition and source of match funding will be pulled from the City of Huron's Capital Improvements (25%) and General (25%) Funds should the project be awarded grant funding. More specifically as outlined in the Vision 2020 Action Plan, funding sources include philanthropic donations, Rec District Capital, City GO Debt Issuance, and the Park Levy.

### **Legal Review**

The matter has been reviewed, follow normal administrative procedure and is properly before you.

### **Recommendation**

If Council is in agreement, a motion adopting Resolution 80-2021 is in order.

**RESOLUTION NO. 80-2021**

Introduced by Monty Tapp

**A RESOLUTION AUTHORIZING THE CITY MANAGER TO PREPARE AND SUBMIT AN APPLICATION TO THE OHIO DEPARTMENT OF NATURAL RESOURCES TO PARTICIPATE IN THE COASTAL MANAGEMENT ASSISTANCE GRANT PROGRAM RELATED TO THE PUBLIC WORKS BEACH TRAIL PROJECT.**

WHEREAS, the Ohio Department of Natural Resources – Coastal Management Assistance Grant Program will award funds for projects between \$300,000 to \$500,000 for eligible entities for water quality improvement, coastal planning, education programs, land acquisition, research, public access, habitat restoration and other purposes; and

WHEREAS, a minimum 1:1 non-federal match is required, and other federal funds cannot be used for match. Therefore, applications should request \$50,000 to \$150,000 in federal funds; and

WHEREAS, the Public Works Beach Trail proposes construction of a multi-use trail from Cleveland Road West (PPN 42-01692.000) to the public works beach area located behind the services complex (PPN 42-64002.000).

**NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF HURON, OHIO:**

**SECTION 1.** That the City Manager is hereby authorized to apply to the Ohio Department of Natural Resources – Coastal Management Assistant Grant Fund for funds as described above, substantially in the form of the grant application attached hereto as Exhibit A.

**SECTION 2.** That this Council hereby finds and determines that all formal actions relative to the adoption of this Resolution were taken in an open meeting of this Council and that all deliberations of this Council and of its Committees, if any, which resulted in formal action, were taken in meetings open to the public in full compliance with applicable legal requirements, including O.R.C. §121.22

**SECTION 3.** That this resolution shall go into effect and be in full force and effect from and after the earliest date allowed by law.

**TO:** Mayor Artino and City Council  
**FROM:** Matthew Lasko  
**RE:** Resolution No. 82-2021  
**DATE:** November 23, 2021

---

### **Subject Matter/Background**

Resolution No. 82-2021 requests the Council's authorization to pay the premium for property and casualty insurance to Public Entities Pool of Ohio ("PEP") for the policy period beginning December 1, 2021 and ending November 30, 2022 in the amount of \$83,674.00. The premium paid for the prior policy period was \$73,574.00. The premium increase of approximately \$10,000 comes primarily from increasing property and auto values to insured amounts, plus reinsurance rate increases. Sale of the substation's assets decreased the City's total property value, which would have resulted in a higher premium if the City still had to maintain the assets.

The City requested quotes from four other carriers. Out of those four, one responded with a quote of \$140,649, and the others declined to quote due to not being competitive and the City's loss experience. The summary of these responses is attached.

The City utilizes PEP to provide access to a pooled risk insurance group of public entities located throughout northern Ohio. As a member of PEP we have access to cyber security experts to help prevent cyber-attack and loss and access to a safety grant program for equipment.

### **Financial Review**

PEP's premium will be proportionately allocated amongst eligible City funds. The City was only to obtain one other quote, which was quoted at \$57,000 higher than PEP's quote.

### **Legal Review**

The matter has been reviewed, follows normal administrative procedure and is properly before you.

### **Recommendation**

If Council is in agreement, a motion adopting Resolution 82-2021 is in order.

**A RESOLUTION AUTHORIZING THE CITY MANAGER TO MAKE THE ANNUAL PREMIUM PAYMENT TO THE PUBLIC ENTITIES POOL OF OHIO (“PEP”) FOR THE POLICY PERIOD DECEMBER 1, 2021 THROUGH NOVEMBER 30, 2022 IN AN AMOUNT NOT TO EXCEED EIGHTY-THREE THOUSAND SIX HUNDRED SEVENTY-FOUR AND 00/100 DOLLARS (\$83,674.00).**

**WHEREAS**, the City Manager has recommended payment of the full annual premium to the Public Entities Pool of Ohio (“PEP”) for the policy period of December 1, 2021 through November 30, 2022 in the amount of Eighty-Three Thousand Six Hundred Seventy-Four and 00/100 (\$83,674.00),

**BE IT RESOLVED BY THE COUNCIL OF THE CITY OF HURON, OHIO, THAT:**

**SECTION 1.** That the City Manager is authorized and directed to pay the full premium payment to the Public Entities Pool of Ohio (“PEP”) for the policy period of December 1, 2021 through November 30, 2022 in the amount of Eighty-Three Thousand Six Hundred Seventy-Four and 00/100 Dollars (\$83,674.00); a copy of the premium invoice is attached hereto as Exhibit “A”.

**SECTION 2.** It is found and determined that all formal actions of this Council concerning and relating to the adoption of this Resolution were adopted in an open meeting of this Council, and that all deliberations of this Council and of any of its committees that resulted in such formal action, were in meeting open to the public, in compliance with all legal requirements, including Section 121.22 of the Ohio Revised Code.

**SECTION 3.** That this Resolution shall be in full force and effect from and immediately after its adoption.

### **Subject Matter/Background**

This resolution authorizes the City to approve a settlement concerning the opioid litigation with Janssen/Johnson & Johnson. This process is similar to that approved in Resolution 51-2021 adopted on August 10, 2021 authorizing the acceptance of the proposed settlement with AmerisourceBergen, Cardinal Health and McKesson regarding governmental entity claims in the State of Ohio. A detailed summary of the settlement can be found at <https://nationalopioidsettlement.com/wp-content/uploads/2021/11/Janssen-agreement-20211105.pdf> . Frequently Asked Questions (FAQ) are attached hereto as Exhibit 1.

The estimated potential settlement .for each political subdivision is set forth on Exhibit 2 attached hereto. The estimated settlement amount for the City of Huron appears to range from \$9,854.16 (at 70%) to \$14,077.37 (at 100%), payable in installments over a period of years. The City still needs clarification on specific uses and the timing of these disbursements.

### **AN EMERGENCY RESOLUTION TO ACCEPT THE MATERIAL TERMS OF THE ONE OHIO SUBDIVISION SETTLEMENT PURSUANT TO THE ONE OHIO MEMORANDUM OF UNDERSTANDING AND CONSISTENT WITH THE TERMS OF THE JULY 21, 2021 NATIONAL OPIOID SETTLEMENT AGREEMENT AND DECLARING AN EMERGENCY.**

WHEREAS, the City of Huron, Ohio (“City”) is a Charter City formed and organized pursuant to the Constitution and the laws of the State of Ohio; and

WHEREAS, the people of the State of Ohio and its communities, including the City, have been harmed by misfeasance, nonfeasance and malfeasance committed by certain entities within the Opioid Pharmaceutical Supply Chain; and

WHEREAS, the State of Ohio, through its Attorney General, and certain Local Governments, through their elected representatives and counsel, are separately engaged in litigation seeking to hold Opioid Pharmaceutical Companies accountable for the damage caused by their misfeasance, nonfeasance and malfeasance; and

WHEREAS, the State of Ohio, through its Governor and Attorney General, and its Local Governments share a common desire to abate and alleviate the impacts of that misfeasance, nonfeasance and malfeasance throughout the State of Ohio; and

WHEREAS, the State and its Local Governments, subject to completing formal documents effectuating the Parties Agreements, have drafted and the City has adopted, and hereby reaffirms its adoption of, a OneOhio Memorandum of Understanding (“MOU”) relating to the allocation and the use of the proceeds of any potential settlements described; and

WHEREAS, the MOU has been collaboratively drafted to maintain all individual claims while allowing the State and Local Governments to cooperate in exploring all possible means of resolution; and

WHEREAS, the Council understands that an additional purpose of the MOU is to create an effective means of distributing any potential settlement funds obtained under the MOU between the State of Ohio and Local Governments in a manner and means that would promote an effective and meaningful use of the funds in abating the opioid epidemic throughout Ohio, as well as to permit collaboration and explore potentially effectuation earlier resolution of the Opioid Litigation against Opioid Pharmaceutical Companies; and

WHEREAS, nothing in the MOU binds any party to a specific outcome, but rather, any resolution under the MOU requires acceptance by the State of Ohio and the Local Governments; and

WHEREAS, a settlement proposal is being presented to the State of Ohio and Local Governments by Janssen/Johnson & Johnson to resolve governmental entity claims in the State of

Ohio using the structure of the OneOhio MOU and consistent with the material terms of the July 21, 2021 proposed Settlement Agreement; and

WHEREAS, the Council wishes to agree to the material terms of the proposed National Settlement Agreement with the Proposed Settlement:

**NOW THEREFORE, BE IT RESOLVED BY THE COUNCIL  
OF THE CITY OF HURON, OHIO:**

**SECTION 1:** That Council hereby authorizes the City Manager to accept the Proposed Settlement on behalf of the City pursuant to the terms of the OneOhio MOU, a copy of which is on file with the City, by executing on behalf of the City all documents necessary for acceptance of the Proposed Settlement.

**SECTION 2:** That it is found and determined that all formal actions of this Council concerning and relating to the passage of this Resolution were adopted in an open meeting of this Council, and that all deliberations of this Council and of any of its committees that resulted in such formal actions were in meetings open to the public, in compliance with all legal requirements, including Section 121.22 of the Ohio Revised Code.

**SECTION 3:** That this Resolution is hereby declared to be an emergency measure, the emergency being the immediate preservation of the public health, safety, morals, convenience, and the general welfare of the community and to ensure prompt pursuit of funds to assist in abating the opioid epidemic through the City. Therefore, this Resolution shall be in full force and effect from and immediately following its adoption.

# National Opioid Settlement

## Frequently Asked Questions about the National Opioid Settlement [Subject to ongoing corrections and updates]

### 1. Which Entities Are Eligible to Participate?

These settlements are open only to states and subdivisions. Claims brought on behalf of private individuals and businesses (including private hospitals and private third-party payers) are not included (and will not be released).

All states may participate in the J&J settlement and all states except West Virginia may participate in the Distributors settlement.<sup>[1]</sup> Washington DC and the five U.S. Territories<sup>[2]</sup> are treated as states in the settlements. Within a settling state, political subdivisions may participate, including all county, municipal, and township governments and any other subdivision that has filed a lawsuit that falls within the release provisions of the agreements. “Special Districts” such as school districts, fire districts, and hospital districts also may participate (with certain limitations).<sup>[3]</sup> Subdivisions and Special Districts in non-settling states cannot participate in the settlements.<sup>[4]</sup> Subdivisions and Special Districts that separately resolved their claims with the Distributors or J&J prior to the Reference Date (explained below) also cannot participate.

Each settling state, subdivision, or Special District must provide a release to participate. (The settlements also incentivize states to obtain legislative or judicial bars on subdivisions and Special Districts suing on claims otherwise encompassed in the settlement. Even if a settling state has obtained a bar, however, a subdivision must provide a release of its own to participate and be eligible for designated subdivision settlement funds.)

### 2. What Funds Will Be Available for Abatement?

About \$23.5 billion of the maximum \$26 billion would be available to be paid out in settlement proceeds for abatement, if there is full participation in the settlement. About \$760 million of that is set aside as a credit towards potential settlements with the Tribes and certain subdivisions, leaving a “net abatement” settlement fund of about \$22.8 billion. Each of the Distributors will make annual

payments consisting of base and incentive payments (described below). Each of the Distributors and J&J will make annual payments consisting of base and incentive payments (described below).[5] Approximately half of settlement funds are earmarked for base payments. The remaining funds are earmarked for incentive payments determined on a state-by-state basis depending on whether certain benchmarks are met.[6]

### 3. How Will Settlement Proceeds Be Used?

The parties intend that the “net abatement” settlement proceeds shall be used for opioid remediation, and have agreed that at least 85% of the “net abatement” proceeds shall be used for opioid remediation.[7] At least 70% of the funds are to be used to fund future opioid-remediation efforts. The agreement includes a broad and non-exhaustive list of qualifying opioid remediation expenditures.[8]

### 4. What Is the Process to Opt In and What Are the Deadlines to Do So?

There are three phases before either settlement becomes effective. And there are opportunities to walk away if there is not enough “critical mass” to make settlement worth continuing. The settlements are designed to incentivize higher participation rates.

Phase 1, State Participation: Each state will have 30 days to decide whether to participate in the settlements. The Distributors and J&J then each have up to 14 days to decide whether, in their view, there is enough “critical mass” to proceed to the next phase of the respective settlements.

Phase 2, Subdivision Participation: In phase 2, the subdivisions in each settling state will have 120 days to decide whether to participate in the settlements (the “Initial Participation Date”). The Distributors and J&J each then have 30 days to again decide whether there is enough “critical mass” to proceed with the respective settlements (the “Reference Date”).

Phase 3, Consent Judgments and Effective Date: The Effective Date for the settlements is 60 days after the Reference Date. During that time, each settling state will seek entry of a consent judgment to implement releases and injunctive relief. No settlement funds will be disbursed to a settling state unless a consent judgment has been entered.

Later Participation: States may join the settlements after the Initial Participation Date only with the consent of the Distributors/J&J. Subdivisions of settling states may sign on and participate after the Initial Participation Date (“Later Participating Subdivisions”), but may receive lower total payments than those that join earlier. If a state joins after the 30-day state cutoff, the subdivisions in that state

will be given 90 days from the date the state joins.

## 5. How Will Settlement Funds Be Allocated Within a State?

Settlement proceeds will be allocated among three subfunds for each settling State: a State Fund, an Abatement Accounts Fund, and a Subdivision Fund. There are several important points to observe with respect to three subfunds:

- The settlement agreements provide default allocations among the subfunds (15% to the State Fund, 70% to the Abatement Accounts Fund, and 15% to the Subdivision Fund). These defaults can be changed state-by-state through a qualifying agreement between a state and its subdivisions, or by a qualifying statute or statutory trust.<sup>[9]</sup>
- Under the default, at least 50% of the annual spend from the Abatement Accounts Fund must be allocated at a regional. Each settling state will have an Advisory Committee—with equal representation from the state and local levels—to recommend how to spend the Abatement Accounts Fund.<sup>[10]</sup>
- Certain participating subdivisions also will be eligible to receive block grants from the Abatement Accounts Fund.
- A settling state also is free to direct all or a portion of its State Fund to its Abatement Accounts Fund. A settling subdivision also may choose to direct all or a portion of its Subdivision Fund to the State's Abatement Accounts Fund or to another settling subdivision.

## 6. How Much Will a Settling State Receive in Base Payments?

Approximately \$12.1 billion in abatement funds would be available for base payments to settling states. These base payments do not require a settling state to meet any specific participation benchmarks or conditions. Base payments will be paid out annually for distribution to each settling state according to its share of the abatement funds using the top-level state allocation model discussed below. Each state's base payment is then allocated into the three sub-funds or according to a state-subdivision agreement, as explained below.

## 7. How Much Can a State Receive in Incentive Payments?

Approximately \$10.6 billion in abatement funds would be earmarked for "Incentive Payments" designed to reward states for increasing participation in the settlements by their subdivisions and/or taking steps to bar or otherwise resolve current and future subdivision litigation. States can qualify for four different Incentive Payments: Incentive Payments A-D. In years 1 and 2, each settling state will receive Incentive Payment A automatically and no other Incentive Payment. While the Incentive

Payments under the Distributors' agreement and J&J's agreement are similar, there are differences in how they operate and when they accrue.

8. How Will Payments Be Calculated? How Will Payments Be Allocated Among the Settling States and Subdivisions?

If the proposed settlements become effective, each of the Distributors and J&J would make annual payments consisting of base and incentive payments (described above). (J&J also will make an "initial payment" of base and incentive payments.). Calculation of the amounts distributed to each settling state (including the state and its settling subdivisions) starts with a top level allocation among all states of the maximum potential payment. How much of that maximum amount each state will receive in any given year is then based on (a) which Incentive Payment categories that state qualifies for that year; and (b) whether amounts otherwise payable are suspended due to litigation by non-settling subdivisions within a settling state and whether any offsets are taken against amounts otherwise payable, based on judgments in favor of non-settling subdivisions. Once the annual payment for a state is calculated, the further allocation of that state's payment among that state's Abatement, State, and Subdivision Funds proceeds as outlined above.

9. How Will the State-Level Allocations Be Made?

For purposes of the top level maximum potential allocation discussed above, an Overall Allocation Percentage has been calculated for each state. The Overall Allocation Percentage is a blend (85%/15%) of sub-percentages calculated at both the state and subdivision levels.

The sub-percentages for each state are based principally on population. The sub-percentages for each subdivision were calculated based on each subdivision's proportionate share of the nationwide impact of the Opioid epidemic using reliable, detailed, and objective national data, including (1) the amount of opioids shipped to the state; (2) the number of opioid-related deaths that occurred in the state; and (3) the number of people who suffer opioid use disorder in the state. Adjustments were made to reflect the severity of impact because the oversupply of opioids had more deleterious effects in some locales than in others. Ultimately, the model allocates settlement funds in proportion to where the opioid crisis has caused harm.

10. How Do "Tiers" Affect Payments?

There would be four possible Tiers applicable to the agreements; the more states and subdivisions that participate, the higher the Tier. The Tiers impact the extent to which payments can be suspended or offset due to litigation.

Under the Distributors' agreement, and subject to certain exceptions, the Tiers would determine (a) the circumstances and periods under which litigation by Later Litigating Subdivisions will trigger a suspension of a portion of a state's annual payment, (b) the per capita rate used to calculate the suspension amounts, (c) the annual per state cap on suspension amounts, and (d) the annual per state cap on offsets for certain monetary judgments in favor of non-settling subdivisions.

Under J&J's agreement, the Tiers would affect the circumstances under which litigation by non-settling subdivisions will trigger a suspension of a portion of a state's base and incentive payments.

11. Can Settlement Payments Be Suspended? Can a Defendant Take an Offset Against a Settlement Payment?

Yes, if the settlements become effective, portions of a settling state's payments could be held in suspension and/or offset under specified circumstances concerning litigation by its subdivisions.

A central goal of the proposed settlements is to shift the focus from litigation to getting Opioid abatement funds to states and subdivisions. With that goal in mind, portions of the payments to each state may be subject to "suspension" (i.e., placed in escrow) in the event certain subdivisions bring or expand litigation against the Distributors or J&J after the Reference Date, if the litigation continues past specified suspension deadlines. The suspension deadlines are determined by the applicable participation Tier (the higher the Tier, the less onerous the suspension deadline). Dollar-for-dollar "offsets" also may be taken if certain subdivisions obtain judgments that require payments by the Distributors or J&J.

- Will There Be a Grace Period During Which Payments Will Not Be Subject to Suspension?

Yes. Under the Distributors' agreement, suspensions will not be applicable to any settling state's annual payments during the first two payment years and, in payment years 3-18, suspensions are not applicable to the annual payment of any state that is eligible for Incentive Payment A (see above) in that year. Other exceptions would apply, including claims for less than \$10 million and (when Tier 1 applies) claims by subdivisions of fewer than 10,000 people.

Under J&J's agreement, the suspension will not affect base payments in years 1-7. The suspension would affect only Incentive Payments A-D in any year and base payments in the last two payment years.

12. Will the Settlements Require Any Change to How the Defendants Operate Their Businesses?

In addition to billions of dollars to be used for abatement of the effects of the Opioid epidemic in communities across the nation, the proposed settlements would provide robust injunctive relief that will require the Distributors and J&J to make significant changes in the way they conduct their business in order to address the Opioid epidemic on the supply side as well. Among other changes, the Distributors must follow substantially increased and improved measures to identify suspicious orders and pharmacy customers, under the oversight of an independent third-party monitor. The Distributors each would be required to begin using a clearinghouse that accounts not only for their own opioid shipments, but the shipments of the other distributors. This enables, for the first time, a truer picture of overall opioids distribution and requires drug distributors to alter their shipments based on the shipments by others. This clearinghouse will use the Distributors' collective data to establish pharmacy-specific opioid shipment limits that each Distributor must follow.

As for J&J, which no longer markets or sells Opioids, the company and its subsidiaries (including Janssen) would agree not to reintroduce any Opioids for a 10-year period. This prohibition would extend to the manufacture, sale, promotion, and distribution of any opioid products as well as any lobbying relating to prescription opioids. J&J has also would agree to make the clinical trial data for its discontinued opioid products available for medical research via the Yale University Open Data Access Project.

### 13. How Will Attorneys' Fees and Costs Be Addressed?

The overarching goal of this global settlement is to dedicate funds to abate opioid-related harms. If private lawyers representing the states and thousands of subdivisions were to enforce their contingency fee contracts, a significant portion of the global settlement payments would go towards legal fees to compensate efforts to prosecute the lawsuits that are being resolved as to the Distributors and J&J. As a result, the government entities that hired counsel to litigate against the Distributors and J&J would net less proportional recovery than entities that did not litigate, even though it was this active state and subdivision litigation that led to this historic settlement. To guard against this imbalance and maximize the amounts available for abatement, the negotiating State Attorneys General, the PEC's Negotiation Team, and the settling defendants have proposed to agree that these defendants will pay, and the parties will set aside, separate funds totaling a maximum of \$1.95 billion to pay private counsel attorneys' fees.

These funds would include \$350 million for outside counsel representing participating states and about \$1.6 billion for outside counsel representing participating subdivisions. The \$350 million state fund would be allocated by agreement between the states and their outside counsel.

### 14. How will more information on the settlements be made available?

Settlement documents, information, and updates will be posted on a public settlement website, <https://nationalopioidsettlement.com/>. The website will provide current information on an ongoing basis as the settlement implementation progresses.

[1] West Virginia previously settled with the Distributors in an unrelated settlement. A portion of the Distributors' settlement funds is treated as a credit toward potential settlements with West Virginia subdivisions and with Tribes. For J&J's agreement, a portion of the settlement funds is treated as a credit for Oklahoma, non-settling government entities and the Tribes. Settlement payments by the Distributors and J&J are calculated as net after those credits.

[2] American Samoa, Guam, Northern Mariana Islands, Puerto Rico, and U.S. Virgin Islands.

[3] Special Districts are treated as subdivisions under the Distributor agreement. The J&J agreement defines Special Districts separately from subdivisions, but still allows them to participate in the settlement by signing release forms.

[4] There is one exception in the J&J settlement agreement: subdivisions of the State of Oklahoma, whose litigated claims against J&J are the subject of an appeal pending in the Oklahoma Supreme Court, are eligible to participate in the J&J settlement whether or not the State elects to participate.

[5] J&J's base and incentive payments are front-loaded, with about 80% coming in the first three years and the rest over the next six years. The Distributors' payments are spread over 18 years.

[6] In the Distributors' agreement, 55% of the payments are earmarked as base payments. In the J&J agreement, 45% of the payments are earmarked as base payments.

[7] If settlement proceeds are used for something other than Opioid Remediation, the amounts and uses (including any use to pay attorneys' fees and costs) must be publicly reported.

[8] If settlement proceeds are used for something other than Opioid Remediation, the amounts and uses (including any use to pay attorneys' fees and costs) must be publicly reported.

[9] Allocation agreements/statutes have already been reached or enacted in several states.

[10] Spending from the Abatement Allocation Account Fund will be tracked and reported annually.

### **Subject Matter/Background**

In order for Ardagh to continue construction of their last phase of development, a mutual agreement between the city and Ardagh has been made to vacate approximately 430 feet of right of way in favor of constructing a traffic circle at the terminus of Sawmill Parkway. This further entails dedication of land back to the city in the amount of 0.2848 acres for the successful completion of the terminus improvements. This description applies to both the dedication ordinance (Ordinance No. 2021-38) and the vacation ordinance (Ordinance No. 21-39).

### **Legal Review**

The matter has been reviewed, follows normal administrative procedure and is properly before you.

### **Recommendation**

If Council is in agreement, a motion adopting Ordinance No. 2021-38 is in order.

## **ORDINANCE NO. 2021-38**

Introduced by Joe Dike

**AN ORDINANCE ACCEPTING TWO (2) PORTIONS OF ERIE COUNTY, OHIO PERMANENT PARCEL NO. 42-02021.000 CONTAINING 0.2848 ACRES OF LAND OWNED BY ARDAGH METAL BEVERAGE USA INC. FOR PURPOSES OF EXPANSION OF THE EXISTING SAWMILL PARKWAY RIGHT-OF-WAY FOR THE CONSTRUCTION OF THE SAWMILL PARKWAY IMPROVEMENT, AND DECLARING AN EMERGENCY.**

**WHEREAS**, Ardagh Metal Beverage USA Inc. (“Ardagh”) wishes to donate two portions of a parcel of property containing 0.2848 of an acre of land to the City of Huron to be dedicated for road right-of-way purposes; and

**WHEREAS**, the City Engineer recommends said acceptance and dedication for road and right-of-way purposes; and

**WHEREAS**, the City Engineer would like the acceptance and dedication to occur as soon as possible so the Sawmill Parkway Improvement project can occur in a timely fashion; and

**WHEREAS**, pursuant to the terms and conditions of a certain Conditional Vacation Agreement by and between the City and Ardagh (as authorized in Resolution 53-2021), the Deeds (attached hereto as Exhibit “A”) and Sawmill Parkway Right of Way Dedication and Vacation Plat (attached hereto as Exhibit “B”) were presented to and approved by the Planning Commission on October 27, 2021, and consistent with Ordinance 1113.12, these materials are being presented to Council for final approval and acceptance of said lands; and

**WHEREAS**, after said review and further consideration, Council believes that it is in the best interests of the health, safety and welfare of the citizens of Huron, to approve the Deeds and Sawmill Parkway Right of Way Dedication and Vacation Plat for acceptance of said lands.

**NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF HURON, OHIO:**

**SECTION 1.** That Council hereby approves the Deeds and Sawmill Parkway Right of Way Dedication and Vacation Plat attached hereto as Exhibits “A” and “B”, respectively, and further approves acceptance of said lands.

**SECTION 2.** That this Council finds and determines that all formal actions of this Council concerning and relating to the passage of this Ordinance were taken in an open meeting of this Council and that all deliberations of this Council and of any of its committees that resulted in those formal actions were in meetings open to the public in compliance with the law, including ORC Sec. 121.22.

**SECTION 3.** That this Ordinance is hereby declared to be an emergency measure necessary for the immediate preservation of the public health, safety and general welfare and for the further reason that, in order to effectively address and manage further proposed development

within the municipality, it is imperative this Ordinance be effective immediately; WHEREFORE, this Ordinance shall be in full force and effect from and immediately after its adoption in accordance with the provisions of this Ordinance.

Introduced by Joe Dike

### **AN ORDINANCE GRANTING APPROVAL OF A PETITION TO VACATE A PORTION OF SAWMILL PARKWAY CONSISTING OF APPROXIMATELY .04225 ACRES IMMEDIATELY ADJACENT TO PPN: 42-02021.000 AND DECLARING AN EMERGENCY.**

WHEREAS, on June 17, 2021, Ardagh Metal Beverage USA Inc. (“Ardagh”) filed an “Alley/Street Vacation Petition” (“Petition”) requesting that approximately 400 feet of the southeastern most section of Sawmill Parkway immediately adjacent to PPN: 42-02021.000 be vacated to Ardagh in accordance with Section 723.04 of the Ohio Revised Code.

WHEREAS, on August 24, 2021, the Council of the City of Huron (“Council”) considered the Petition and by affirmative vote, referred the Petition to the Planning Commission for review and recommendation; and

WHEREAS, on August 24, 2021, the Council passed a Motion to set a public hearing on Tuesday, September 28, 2021 at 6:30 p.m. for public input and discussion about the Petition; and

WHEREAS, on August 24, 2021, the City passed Resolution 53-2021 authorizing the City Manager to enter into a Conditional Vacation Agreement with Ardagh pursuant to the Petition by Ardagh to the City for such agreement; and

WHEREAS, on August 25, 2021, pursuant to the referral from Council, the Planning Commission reviewed the Petition, determined that the requested vacation was consistent with the City’s plan to construct a cul-de-sac on Sawmill Parkway, determined that granting the Petition was in the City’s best interest, and approved a motion to recommend to the Council that the Petition be approved; and

WHEREAS, on August 25, 2021, pursuant to Resolution 53-2021, the City Manager signed the Conditional Vacation Agreement (“Agreement”) to vacate a portion of the Sawmill Parkway right-of-way within the City and immediately adjacent to PPN: 42-02021.000; and

WHEREAS, on September 28, 2021, the Council held a hearing on the Petition and received no opposition to its approval; and

WHEREAS, on November 5, 2021, Ardagh executed the Agreement with the City for the Council agreeing that the Agreement was conditioned upon the City determining that good cause existed for granting the Petition, that granting such Petition would not be detrimental to the general public interest, and passing an Ordinance permitting the vacation as requested;

### **NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF HURON, OHIO:**

Section 1: That Council hereby finds that good cause exists to grant the Petition, as requested by Ardagh and set forth on Exhibit 1, as there is no viable continuing municipal purpose to be furthered by continuing ownership of the to-be-vacated portion of real estate and, the City will benefit from the terms of the Agreement whereby the City will receive parcels

from Ardagh that will be dedicated to public use to better serve the health, safety, and public welfare on and along Sawmill Parkway.

Section 2: That Council further finds that granting the Petition and authorizing the vacation of the approximately 0.4225 acres as shown as Parcel C on the Sawmill Parkway Right of Way Dedication and Vacation Plat and in accordance with the Conditional Vacation Agreement attached Exhibit 2 would not be detrimental to the general public interest.

Section 3: That Council further finds that granting the Petition would further a legitimate public interest and allow the City to construct a cul-de-sac on Sawmill Parkway in accordance with its Master Plan.

Section 4: That Council does, hereby, formally grant the Petition to vacate a portion of Sawmill Parkway consisting of approximately 0.4225 acres immediately adjacent to PPN: 42-02021.000 in accordance with the Conditional Vacation Agreement attached hereto at Exhibit 2.

Section 5: That it is found and determined that all formal actions of this Council concerning and relating to the passage of this Ordinance were adopted in an open meeting of this Council, and that all deliberations of this Council and of any of its committees that resulted in such formal actions were in meetings open to the public, in compliance with all legal requirements, including Section 121.22 of the Ohio Revised Code.

Section 6: That this Ordinance is hereby declared to be an emergency measure necessary for the immediate preservation of the public health, safety and general welfare and for the further reason that, in order to effectively address and manage further proposed development within the municipality, it is imperative this Ordinance be effective immediately; WHEREFORE, this Ordinance shall be in full force and effect from and immediately after its adoption in accordance with the provisions of this Ordinance

**AN ORDINANCE AMENDING ORDINANCE NO. 2020-34, ADOPTED DECEMBER 8, 2020, TO PROVIDE FOR SUPPLEMENTAL APPROPRIATIONS FROM THE GENERAL FUND AND OTHER FUNDING SOURCES, AND AN INCREASE IN ESTIMATED RESOURCES, AND DECLARING AN EMERGENCY.**

**WHEREAS**, pursuant to Ordinance No. 2020-34, adopted December 8, 2020, Huron City Council adopted the annual budget for the fiscal year ending December 31, 2021 for the operations of all City departments and offices; and

**WHEREAS**, Council has established various funds for the financial operation of the City, and through the current fiscal year certain funds have been determined to have insufficient funds and certain funds have been determined to have excess funds; and

**WHEREAS**, it is necessary to amend the budget to reflect appropriation transfers, supplemental appropriations and an increased in estimated resources to accommodate the operational needs of certain City departments and offices and to assure all funds of the City are in proper balance.

**BE IT ORDAINED BY THE COUNCIL OF THE CITY OF HURON, OHIO:**

**SECTION 1.** That Exhibit "A" of Ordinance No. 2020-34, adopted on the December 8, 2020, as amended by Ordinance No. 2021-2 adopted on January 26, 2021, as amended by Ordinance No. 2021-10 adopted on March 9, 2021, as amended by Ordinance No. 2021-11 adopted on April 13, 2021, as amended by Ordinance No. 2021-17 adopted on April 27, 2021, as amended by Ordinance 2021-20 adopted on June 22, 2021, as amended by Ordinance No. 2021-28 adopted on July 27, 2021, as amended by Ordinance No. 2021-34 adopted on September 14, 2021, and as amended by Ordinance No. 37-2021 adopted on October 26, 2021, is hereby amended to provide for supplemental appropriations, appropriation transfers, an increase in estimated resources, and to make cash transfers between funds as to each fund set forth in Exhibit "A" attached hereto and made a part hereof.

**SECTION 2.** That the Director of Finance and the City Manager are hereby authorized to expend the funds herein appropriated for the purpose of paying the operating expenses of the City for the fiscal year ending December 31, 2021, and to make the necessary entries on the accounting records of the City to reflect the appropriations and expenditures herein authorized to properly balance the various funds of the City.

**SECTION 3.** That it is hereby found and determined that all formal actions of this Council concerning and relating to the passage of this Ordinance were adopted in an open meeting of this Council and that all deliberations of this Council and any of its committees that resulted in such formal action were in meetings open to the public in compliance with all legal requirements, including O.R.C. §121.22.

**SECTION 4.** That this Ordinance is hereby declared to be an emergency measure necessary for the immediate preservation of the public health, safety and general welfare of the residents and for the further reason that this Ordinance shall become immediately effective to fund the operations of the City of Huron; additionally, in accordance with Section 3.06 of the Charter of the City of Huron, appropriation ordinances shall take effect immediately.

**WHEREFORE** this Ordinance shall take effect immediately upon its adoption.

CITY OF HURON  
SUPPLEMENTAL APPROPRIATIONS, BUDGET TRANSFERS, AND ESTIMATED RESOURCES  
SUMMARY SHEET

DATE: 11/23/2021  
ORDINANCE: 2021-40

**Appropriation Measure**

**Reason for Appropriation Measure**

The following appropriation measures are necessary to properly budget for and clean up annual appropriations as the City nears the end of the fiscal year. Supplemental budget items to note include increases to personnel budgets due to new positions during the year including the Planning/Zoning Manager and Custodian. Increased budget in the ED Fund is mostly due to projects related to the Conagra Property and Sawmill Parkway improvements. These are reimbursable through TIF proceeds or anticipated grants. Due to rising electric rates and Mucci's third phase going live in October, more appropriations are necessary to pay for the purchase of power from AMP in December. The City will bill for this usage in December, as well. Significant appropriation decreases include the transfer budgets from the former Parks and Recreation funds (funds have zero balance) and the dredging at the boat basin is now budgeted in 2022.

The increases in estimated resources is mostly due to anticipated electric revenue in December and income tax collections.

In accordance with the Ohio Revised Code, Council must approve supplemental appropriations, budget transfers above the City's legal level of control, and amendments to estimated resources. **The net impact on the budget is -\$6,598. All funds have sufficient fund balance to make these budget adjustments**

Side, min. (ft.)	0
Side, max. (ft.)	50
Rear, min. (ft.)	0
Rear, when abutting R zoned district	15

<b>Building Standards</b>	
Height, max. (ft.)	75 ft. Parapet wall allowed to exceed height by 4 ft.
Gross Floor Area Maximum, Commercial (sq. ft.)	25,000
Residential Density, Dwelling Units per acre	50
Gross Floor Area Minimum, Residential Dwelling Unit (sq. ft.)	700
Note: Residential adjacency standards apply and may affect setback and building height design features.	

- (a) Building Siting and Orientation. Buildings shall be oriented in the most logical manner dependent upon the layout of the development as a whole. Elements such as proximity and vantage point of the river and lake, proximity to streets and ways, and access of public walks and other pedestrian amenities shall be taken into account. Buildings shall be oriented in a way to promote a fluid flow of traffic, both vehicular and pedestrian-based.
  - (1) Entrance orientation. Entrances shall be clearly visible and identifiable from the street and delineated with elements such as roof overhangs, recessed entries, landscaping, or similar design features. The primary entrance must be placed along the frontage of any pedestrian or vehicular way. A secondary entrance is permitted in the case that the respective side of a building is adjacent to the waterfront and must also be identifiable by architectural design treatment.
- (b) Uses. Permitted, conditional, and accessory uses may occur within each building type as specified in Appendix A, Permitted Uses.
- (c) Parking.
  - (1) This district is intended to promote pedestrian and bicycle access, with as little space taken up by parking surface area as possible ensuring quality urban design. Therefore, the incorporation of jointly used parking structures shall be utilized as part of a general development concept.
  - (2) Required spaces. The spaces within the district shall be determined based on the schedule set forth in Chapter 1133 Off-street Parking and Loading Regulations. In order to foster more dense development, the use of parking structures is permitted.
- (d) Signs. The installation and maintenance of signage shall be done in accordance with Chapter 1129 Sign Regulations and the provisions of this Chapter. Additional regulations include the following:
  - (1) Pole signs are prohibited.

- (2) Wall and projecting signs are encouraged. Projecting signs may be up to ten (10) feet in height on one-story buildings and fifteen (15) feet in height on two (2) or more story buildings. Signs must not project further than five (5) feet from the part of the building the sign is affixed to. All projecting signs shall be placed so that the base of the sign is at least ten (10) feet above ground level, except when the projecting sign is located above a landscaped area or other area that does not permit pedestrian or vehicular traffic beneath the sign, in which case the sign must be placed so that the base of the sign is at least six (6) feet above ground level.
- (e) Landscaping. The installation and maintenance of landscaping materials shall be done in accordance with Chapter 1131 Landscape Requirements.
- (f) Sidewalks and Pedestrian Amenities. Pedestrian circulation shall be addressed with the use of sidewalks and other modes of internal connections. Each general development concept within this district, shall have a pedestrian amenities plan. The plan shall include the following:
  - (1) Interconnected pedestrian plan that allows for continuous access to all uses within the development area.
  - (2) Indication of surface materials being used, which shall include visually attractive and durable, low-maintenance surface materials such as pavers, brick, or concrete.
  - (3) Streetscape design features shall be incorporated, including decorative lighting, benches, landscape materials and shade trees, and other architectural features highlighted within the Master Plan.
  - (4) Design specifications for all pedestrian amenities. Perimeter paths and pedestrian walkways should be a minimum of six (6) feet wide. Interior paths and pedestrian walkways shall be a minimum of four (4) feet wide, except when along the frontage of a building or structure which encompasses the main entrance, in which case the walkway shall be six (6) feet in width.
- (g) Greenspace and Public Amenities. Areas of lawn, trees, and other vegetation or artistic architectural structures set apart for passive recreational use or aesthetic purposes must be provided as part of a general development concept.
  - (1) Requirements. A minimum of two thousand (2,000) square feet of public greenspace must be provided for every one (1) acre of development.
  - (2) Design. Creativity is strongly encouraged within greenspace areas.
  - (3) Location. Ten percent (10%) of the green space shall be adjacent to the water front in order to maintain public access to the water front.
- (h) Internal Streets and Vehicular Circulation. Internal streets shall be constructed with curbs to define the limits of the roadway. Internal streets shall be constructed in the same manner as specified by the Thoroughfare Plan: Neighborhood Link. Streets shall be laid out in a system designed to minimize pedestrian and vehicular conflicts and to promote the fluid flow of traffic.
- (i) Lighting. Lighting shall be installed using a combination of attractively designed fixtures of varying heights throughout the development, including along pedestrian ways, along streets, and within parking areas to provide a safe, secure, and aesthetically pleasing development. Lighting within the district shall be employed in such a manner as to prevent glare or direct light onto adjacent residential property.

- (j) Curb Cuts and Access Points. This district should be developed and planned with prioritization placed on pedestrian and bicycle traffic, with curb cuts and access points segregated as much as possible. (Ord. 2015-7. Passed 8-25-15.)

#### **1127.10 VARIATIONS TO AN APPROVED GENERAL DEVELOPMENT CONCEPT.**

(a) Minor Variations. Minor variations from an approved General Development Concept may be approved by the Planning Commission upon finding that the variations are generally in keeping with the spirit and concept of the approved General Development Concept, in accordance with the conditions required by the City Council in its approval, and in accordance with the requirements of this Chapter. For the purposes of this Section, a minor variation shall include:

- (1) Small, incidental alterations to the location or number of spaces in off-street, surface parking lots.
- (2) Small, incidental construction of accessory structures;
- (3) Incidental increases/decreases in the square footage of principal buildings. Any increase in the overall number of permitted dwelling units shall not be considered a minor variation;
- (4) Minor alterations in the placement of dwelling units within a phase of the overall project;
- (5) Minor design modifications that will have no discernible impact on neighboring properties, the public, or those intended to occupy or use the proposed development.

(b) Other than Minor Variations. All variations contained on a development plan that are not described in this chapter shall be reviewed by the Planning Commission. If the Planning Commission finds that such variations are generally in keeping with the spirit and concept of the approved General Development Concept, in accordance with any required conditions, and in accordance with the requirements of this Chapter and this Code, the Planning Commission shall approve such variations.

(c) If approval of any variations to a General Development Concept result in a necessary change to existing zoning or previously authorized development agreements, the Planning Commission must forward the revised General Development Concept and any relevant zoning amendments or revised development agreements to City Council for review and approval.

(d) Upon receiving a recommendation from the Planning Commission for approval of any zoning amendments or development agreements necessary for the proper execution of a revised General Development Concept, the City Council will review the General Development Concept. Any zoning amendments shall be done in accordance with procedures spelled out within section 1139.03 of the Huron Planning and Zoning Code. Any development agreements shall be authorized in the manner of a Resolution.

(e) Failure on the part of the Developer to conform to said plans included within the General Development Concept, and/or applicable Municipal requirements and/or the terms and conditions of the City's approval shall be grounds for action by the City.

(f) Amendments to a General Development Concept. Amendments to a General Development Concept, whether by the original applicant or subsequent applicants, shall be submitted and reviewed in accordance with procedures set forth in this Chapter regarding Conformity to Standards, General Development Concepts, and Procedures for Approval. (Ord. 2015-7. Passed 8-25-15.)
