

THE CITY OF HURON, OHIO
Proceedings of the Huron City Council
Regular Meeting Tuesday, September 24, 2024 at 6:30pm

Call to Order

The Mayor called to order the regular Council meeting of September 24, 2024 to order at 6:30pm. The Mayor called for a moment of silence. After the moment of silence, the Mayor led in saying the Pledge of Allegiance to the Flag.

Roll Call

The Mayor directed the Clerk to call the roll for the regular meeting of Council. The following members of Council answered present: **William Biddlecombe, Sam Artino, Mark Claus, Monty Tapp, Joe Dike, Matt Grieves and Joel Hagy.**

Staff in attendance: City Manager Matt Lasko, Law Director Gary Ebert, Service Director Stuart Hamilton, Police Chief Terry Graham, Finance Director Ed Widman, Captain Mike Hohler, and Jen Kilbury, Acting Clerk of Council.

Approval of Minutes

Motion by Mr. Dike to approve the minutes of the August 27, 2024 regular meeting of Council, as written.

The Mayor asked if there were any questions on the motion. There being none, the Mayor asked the Clerk to call the roll on the motion. Members of Council voted as follows:

YEAS: Dike, Grieves, Biddlecombe, Artino, Claus, Tapp (6)
ABSTAIN: Hagy (1)
NAYS: None (0)

There being a majority in favor, the motion passed.

Audience Comments

The Mayor directed members of the audience having comments to approach the podium, state their name and address Council, and advised that they would have 3 minutes to make their comments.

None.

Tabled Legislation

Ordinance No. 2024-24 (TABLED)

Motion by Mr. Claus that the three-reading rule be waived, and Ordinance No. 2024-24 (AN ORDINANCE AMENDING SECTIONS 185.01, 185.03, 185.04 AND 185.06 OF THE CODIFIED ORDINANCES OF THE CITY OF HURON, OHIO, TO PROVIDE FOR THE LEVY OF AN ADDITIONAL SEVENTY-FIVE ONE-HUNDREDTHS PERCENT (0.75%) INCOME TAX BEGINNING JANUARY 1, 2025, AND PROVIDING A CREDIT UP TO 1.75% FOR INCOME TAX PAID TO OTHER MUNICIPALITIES; AND DECLARING AN EMERGENCY) be placed on its first reading.

Old Business**Ordinance No. 2024-42 (second reading)**

Motion by Mr. Grievs that Ordinance No. 2024-42 (AN ORDINANCE REPEALING AND REPLACING SECTION 541.04 (CRIMINAL MISCHIEF) OF CHAPTER 541 (PROPERTY OFFENSES) OF THE HURON CODIFIED ORDINANCES) be placed on its second reading.

The Mayor asked if there were any questions on the motion. There being none, the Mayor directed the Clerk to call the roll on the motion for adoption. Members of Council voted as follows:

YEAS: Grievs, Hagy, Biddlecombe, Artino, Claus, Tapp, Dike (7)

NAYS: None (0)

There being a majority in favor, the motion passed and Ordinance No. 2024-42 was placed upon its second reading. The Law Director read the Ordinance by its title only.

Mr. Lasko explained that this is the second reading on an amended Criminal Mischief Code, following up from a work session held over the summer. This was modeled after the City of Lakewood. This legislation adds "light trespass" and says, without privilege to do so, with purpose to interfere with the use or enjoyment of the property of another, maintaining a light nuisance originating from a residential property by causing light to unreasonably shine, glare, reflect or direct onto the property of another. If approved, this would be left up to the discretion of the Police Department. There have only been a handful of complaints, but this will now give them a way to address it.

Mr. Dike asked what the best method for citizens to report a light trespass. Mr. Lasko answered that this would be similar to a noise complaint – call the non-emergency line for our Police Department.

The Mayor asked if there were any further questions on the motion. There were none.

New Business**Resolution No. 73-2024**

Motion made by Mr. Artino that the three-reading rule be waived, and Resolution No. 73-2024 (A RESOLUTION AUTHORIZING THE CITY MANAGER TO ACCEPT THE PROPOSAL AND ENTER INTO AN AGREEMENT WITH KS & ASSOCIATES FOR PROFESSIONAL ENGINEERING AND SURVEYING SERVICES RELATING TO SEA WALL REPAIRS AND IMPROVEMENTS AT THE FORMER CONAGRA PROPERTY IN AN AMOUNT NOT TO EXCEED FOUR HUNDRED EIGHTEEN THOUSAND FIVE HUNDRED AND XX/100 DOLLARS (\$418,500.00) be placed on its first reading.

The Mayor asked if there were any questions on the motion. There being none, the Mayor directed the Clerk to call the roll on the motion. Members of Council voted as follows:

YEAS: Artino, Claus, Tapp, Dike, Grievs, Hagy, Biddlecombe (7)

NAYS: None (0)

There being a majority in favor, the motion passed and Resolution No. 73-2024 was placed upon its first reading. The Law Director read the Resolution by its title only.

Mr. Hamilton explained that in anticipation of the ConAgra development project, the City put out an RFQ in 2022 for partners for design and bidding services for the ConAgra seawall. The City understands that the seawall will be the City's responsibility as part of the project. They sat on the proposals as they considered the different partners, and recently updated pricing with their preferred partner, KS & Associates. The price will be \$418,500 to design the seawall on the north and east side, carry out the bidding, and also perform construction inspection for that project. They are starting now because the permitting takes time and they need to start now to get through the State permitting process to keep moving forward. The permitting cost is included in this price. They will work through ODNR and USACE (if needed) for permitting.

The Mayor asked if there were any further questions on the motion. There being none, the Mayor directed the Clerk to call the roll on final adoption of Resolution No. 73-2024. Members of Council voted as follows:

YEAS: Artino, Claus, Tapp, Dike, Grieves, Hagy, Biddlecombe (7)
NAYS: None (0)

There being a majority in favor of adoption, Resolution No. 73-2024 was adopted. The Resolution as adopted was signed by the Mayor and Clerk of Council and will take effect immediately.

Resolution No. 74-2024

Motion made by Mr. Hagy that the three-reading rule be waived, and Resolution No. 74-2024 (A RESOLUTION AUTHORIZING THE CITY TO PARTICIPATE IN JOINT PURCHASING PROGRAMS FOR THE BALANCE OF 2024, REQUESTING THAT THE OHIO DEPARTMENT OF ADMINISTRATIVE SERVICES AUTHORIZE THE CITY TO PARTICIPATE IN JOINT PURCHASING AGREEMENTS FOR THE PURCHASE OF SUPPLIES AND SERVICES THROUGH CONTRACTS WITH THE DEPARTMENT AND OTHERS, AND DIRECTING THE FINANCE DIRECTOR AND/OR CITY MANAGER TO EXECUTE SUCH DOCUMENTS AS IS NECESSARY TO PARTICIPATE IN ANY AND ALL AVAILABLE JOINT PURCHASING PROGRAMS FOR THE PURCHASE OF SUPPLIES AND SERVICES OFFERED THROUGH THE OHIO DEPARTMENT OF ADMINISTRATIVE SERVICES AND OTHER COOPERATIVE PURCHASING PROGRAMS) be placed on its first reading.

The Mayor asked if there were any questions on the motion. There being none, the Mayor directed the Clerk to call the roll on the motion. Members of Council voted as follows:

YEAS: Hagy, Biddlecombe, Artino, Claus, Tapp, Dike, Grieves (7)
NAYS: None (0)

There being a majority in favor, the motion passed and Resolution No. 74-2024 was placed upon its first reading. The Law Director read the Resolution by its title only.

Mr. Lasko explained that this is something new for the City, and something they are probably going to ask Council authorization for annually. They are seeking approval for the City to participate in joint purchasing programs through the Ohio Department of Administrative Services. There are a lot of agencies that have pre-bid a lot of services, equipment services, etc., and this allows the City to, instead of bidding on its own, to be able to use those pre-bids already done by ODAS. They still need to get three that they have already

pre-bid, but this is something they can do moving forward to help create some efficiencies in how fast they can move forward in a bidding process.

Anything that is federally funded cannot be purchased through these joint purchasing programs. In addition, the City is allowed to go outside of these joint purchasing programs, but have to ensure they have documentation that it is the lowest and best bid. This doesn't lock the City in once they go through the joint purchasing programs. If they find something better, they have to maintain documentation that they have a lower price. This contract is only through the balance of 2024. Staff would have to bring this authorization back to Council every year. The reason they are asking for the authorization is that it is required by ODAS to show them that Council has approved its ability to participate in these programs.

Mr. Hagy asked if there is a payment this sort of aggregator, or is this free? Mr. Widman answered that he is not aware of any fees charged on any of the agreements to date. Mr. Lasko added that this is different because it is on the purchasing side versus the selling side. With GovDeals (when City is selling property), there is no fee to list items, but there is a fee when an item is sold.

Mayor Tapp said that one reason they are setting up this program is to purchase the setup gear for the Fire Department.

The Mayor asked if there were any further questions on the motion. There being none, the Mayor directed the Clerk to call the roll on final adoption of Resolution No. 74-2024. Members of Council voted as follows:

YEAS: Hagy, Biddlecombe, Artino, Claus, Tapp, Dike, Grieves (7)

NAYS: None (0)

There being a majority in favor of adoption, Resolution No. 74-2024 was adopted. The Resolution as adopted was signed by the Mayor and Clerk of Council and will take effect immediately.

Resolution No. 76-2024

Motion made by Mr. Grieves that the three-reading rule be waived, and Resolution 76-2024 (A RESOLUTION AUTHORIZING THE CITY MANAGER TO ACCEPT THE PROPOSAL AND ENTER INTO AN AGREEMENT WITH NORTHCOAST PROCESS CONTROLS FOR THE PURCHASE OF FIVE (5) NEW ROTORK IQT ELECTRIC VALVE ACTUATORS TO REPLACE EXISTING 6" FILTER TO WASTE BUTTERFLY VALVES, AND ONE (1) 6" BUTTERFLY VALVE ASSEMBLY FOR THE FILTER TO WASTE LINE AT THE WATER FILTRATION PLANT IN THE AMOUNT OF THIRTY-THREE THOUSAND EIGHT HUNDRED SEVENTY-FIVE AND XX/100 DOLLARS (\$33,875.00) be placed on its first reading.

The Mayor asked if there were any questions on the motion. There being none, the Mayor directed the Clerk to call the roll on the motion. Members of Council voted as follows:

YEAS: Grieves, Hagy, Biddlecombe, Artino, Claus, Tapp, Dike (7)

NAYS: None (0)

There being a majority in favor, the motion passed and Resolution No. 76-2024 was placed upon its first reading. The Law Director read the Resolution by its title only.

Mr. Hamilton stated that this legislation seeks authorization to replace standard maintenance actuators in the plant. This covers 6 of them for \$33,875. These parts move stuff around, are important and are at the end of their useful life.

Asked by Mr. Hagy if these were budgeted this year, Mr. Hamilton answered in the affirmative. These are standard maintenance items. The actuators are constantly moving, so they have a useful life and are far past that useful life.

The Mayor asked if there were any further questions on the motion. There being none, the Mayor directed the Clerk to call the roll on final adoption of Resolution No. 76-2024. Members of Council voted as follows:

YEAS: Grieves, Hagy, Biddlecombe, Artino, Claus, Tapp, Dike (7)
NAYS: None (0)

There being a majority in favor of adoption, Resolution No. 76-2024 was adopted. The Resolution as adopted was signed by the Mayor and Clerk of Council and will take effect immediately.

Amended Resolution No. 50-2024

Motion made by Mr. Biddlecombe that the three-reading rule be waived, and Amended Resolution 50-2024 originally adopted on June 11, 2024 (A RESOLUTION AMENDING RESOLUTION NO. 50-2024 ADOPTED ON JUNE 11, 2024, AUTHORIZING THE CITY MANAGER TO ACCEPT CHANGE ORDER NO. 1 FROM TRANSYSTEMS FOR FIELD SURVEYING AND MAPPING RELATING TO THE US 6 PHASE II PROJECT (ERI US 00006 16.07) IN AN AMOUNT NOT TO EXCEED THIRTEEN THOUSAND FOUR HUNDRED AND FIFTY-FIVE AND XX/100 DOLLARS (\$13,455.00), FOR AN AGGREGATE TOTAL OF THREE HUNDRED EIGHTY-TWO THOUSAND NINE HUNDRED TWENTY-FOUR AND XX/100 DOLLARS (\$382,924.00) be placed on its first reading.

The Mayor asked if there were any questions on the motion. There being none, the Mayor directed the Clerk to call the roll on the motion. Members of Council voted as follows:

YEAS: Biddlecombe, Artino, Claus, Tapp, Dike, Grieves, Hagy (7)
NAYS: None (0)

There being a majority in favor, the motion passed and Amended Resolution No. 50-2024 was placed upon its first reading. The Law Director read the Resolution by its title only.

Mr. Hamilton explained that this project has been running for quite a few years now. Because of changes made by ODOT, this project was transferred from OHM, who originally designed this project, to TranSystems. They also transferred all of the files and relevant information. As they move through the surveying process, the survey carried out by OHM was for the resurfacing program, and not the roundabout project. TranSystems let the City know that the base survey for the project limits had to be extended. This will get them up-to-date for the roundabout option. This will be an additional \$13,455.

Mr. Dike asked if the diagram included in the packet is going to happen. Mr. Hamilton answered, yes, referring to the roundabout option at Liberty. Asked who made that final decision, Mr. Lasko added that

this still has to go through an exhaustive public outreach and comment period. ODOT requires the public outreach similar to what happened with the bike lanes. All feedback will have to be responded to. They had a couple work sessions that directed staff to continue exploring it, but ultimately, there is still a significant public outreach component. Yes, this was a recommendation, but it is still subject to feedback and input. Mr. Hamilton clarified that his answer that this is happening relates to the design. Mr. Dike asked the timeline for the project. Mr. Hamilton said if this goes through the design, public outreach and Council, they are looking at starting in late 2025.

The Mayor asked if there were any further questions on the motion. There being none, the Mayor directed the Clerk to call the roll on final adoption of Amended Resolution No. 50-2024. Members of Council voted as follows:

YEAS: Biddlecombe, Artino, Claus, Tapp, Dike, Grieves, Hagy (7)
NAYS: None (0)

There being a majority in favor of adoption, Amended Resolution No. 50-2024 was adopted. The Resolution as adopted was signed by the Mayor and Clerk of Council and will take effect immediately.

City Manager's Discussion

The City Manager spoke on several topics:

ConAgra Development – The Law Department provided an initial draft of a Letter of Intent to me earlier this week. I have sent comments back to the Law Department as of this afternoon. As soon as that is finalized, we will send that over to the development team. What we are hoping to capture with this Letter of Intent is laying out high-level agreements between the parties which will ultimately become the foundation of a Development Agreement and a Purchase Agreement. We want to make sure that we have high-level agreement on things like purchase price, public access, who is responsible for infrastructure, etc. We hope to have that wrapped up and in front of Council shortly.

S. Main Street Paving Project - We are happy to report that we are adding full curb replacement to Valley View, Forest Hills and Hickory of part of that resurfacing. The curbs that were originally to be salvageable were in worse condition once the road was milled. The plan is for the contractor to lay a base course of asphalt, which is tentatively scheduled for Friday, September 27th, weather dependent. They will then remove the old curbs and replace them, and then the paving contractor will remobilize to do the second finishing course. Huron Street and Mill Street resurfacing may possibly occur this week, as well.

Huron Public Power Update – We have received the final go-ahead to start boring under the tracks. Once the contractor mobilizes, we expect the project to take less than a month to get HPP to the base of Sawmill Parkway. They are really excited about this.

City Hall Parking Lot Improvements – They commenced work in the back parking lot of City Hall. This work includes selective concrete replacement, catch basin reconstruction and some sidewalk replacement to help with both accessibility and stormwater runoff. The two smaller parking lots are completed at this point (those catch basins have been reconstructed), and the sidewalks appear to be complete. The safety

services parking lot is still torn up, and hope that will be completed in the next handful of days, weather dependent.

Work Session – We will be getting out an invitation for a work session at our next Council meeting on October 8th. This is going to include not just City Council, but also the Huron Joint Recreation District and the Planning Commission. The work session will look at conceptual plans as part of the Waterfront accessibility and connectivity plan, which includes the Showboat property, Lake Front Park and the future green space at the Water Plant.

Light Trespass Legislation - The Law Department has completed an initial draft to address light trespass on residential buildings moving forward. We are in the process of reviewing that internally to ultimately present to Council for a first reading at an upcoming meeting.

Parks and Recreation Update – Staff has narrowed down the list of potential names for the greenspace on Berlin Road to approximately 10 names based on the 100+ submissions. Those 10 names will be presented to the Huron Joint Recreation District at their next meeting with the goal of sending 3 finalists to Council for final selection. We are simultaneously working on entry signs for the eventual installation of those in early 2025. I want to note that because the entry itself is technically in Huron Township, we have begun conversations with them about the process to permit the construction of the sign. We are happy to be working with the Township on that.

Personnel Updates – We have commenced bargaining unit negotiations with 2 of our 4 bargaining units, thus far, and will continue those negotiations throughout the fall. I am happy to have Jen Kilbury here at her inaugural meeting as Acting Clerk, but wanted to let Council know that we did hear from Ms. Welkener on Monday. She had a very successful surgery and is back home recuperating. She said this procedure was way better than the first one, so we are happy that she is doing well.

We have an unfortunate update in the Police Department. We received notice from Detective Ian Foos that he has submitted his resignation effective September 20th. He has accepted a position as Special Agent with the United States Secret Service. We are truly honored to have one of our officers represented in such a prestigious organization, and what is even more impressive is out of 27,000 applications, he was one of 200 to be selected. That is a testament to his background, work ethic and professional trajectory. Congratulations to him. He is going to be sorely missed, but what a place for him to land. We are really happy for him.

We have put a hold on trying to fill the full-time Planning Director position. We do think there is manpower that is still needed in that department, but we are evaluating the best method to staff the department moving forward. I really want to recognize and commend both Christine Gibboney and Alec Romick, who have done a tremendous job being down a body. This provides us an opportunity to reevaluate how we may staff that department moving into 2025.

Annual Fire Agreement with Huron Township – That contract is up this year, and we are looking to do a 1-year extension of the existing agreement, with all terms remaining the same. We have sent a first draft over to the Township for review as of this afternoon and will hopefully bring that before Council in the next couple of meetings.

Upcoming Meetings – There will be a Huron Joint Port Authority meeting on Wednesday, September 25th at 6pm at the Huron Township. I will not go through all of the October meetings yet, but I did want to announce the 4 income tax meetings. The first will be held on Wednesday, October 9th at 6pm at the Huron Boat Basin. The second meeting will be held on Tuesday, October 15th at 6pm at the Huron Library. The third meeting will be held on Wednesday, October 23rd at 6pm at the Huron Boat Basin. The fourth meeting will be held on Tuesday, October 29th at 6:30pm at the Huron Library.

A reminder to everyone that Pumpkin Fest will be held on Saturday, October 12th from 11am to 5pm at the Huron Boat Basin. The actual drop will take place at 2:30pm. Trick-or-Treat will be on Thursday, October 31st at 5pm.

Mr. Dike thanked Mr. Lasko and his team for getting the curbs completed on Forest Hills. He asked if there is a company like OHM or KS Associations that first does all of the engineering for that. Mr. Hamilton answered that OHM was the design partner on this project, as well as inspection. The initial survey was carried out, and when the City decided to pivot, they went back around and assessed all of the curbs and measured to know what we are getting. They will then inspect when after they are installed, as well. Mr. Dike clarified that he wants to know why they weren't being replaced after looking at the pictures. The curbs are awful throughout that area. He wants to know how to avoid this situation in the future. We spend money for some company to come in and evaluate our streets, are they also looking at curbs when they do that? Why did it take citizens complaining to get this done? Mr. Hamilton answered that when they start a project, they will go around and they always assess the curbs when they are doing the roads, as well. They don't do the curbs city-wide – they tend to do them project by project. As they go around, they try and leave in place some of the older curbs that they believe are salvageable and replace the ones that are obviously failed. Every project has its own cost-analysis, and they try to squeeze more in than they normally would on a smaller project. On this one, a lot of the curbs weren't failing. They didn't look the greatest, but they weren't failing. However, as soon as they started milling the surface off, a lot of the curbs started crumbling a lot more than they were when the roads were intact. They already know that was an issue coming up, and thanks to Council passing on all of the feedback there as well, he will admit that the City Manager tried to push him to do all of the curbs at the beginning of the project, but he pushed back due to cost. It was something they looked at all the way through, but once they removed the road it really accentuated the issue. Mr. Lasko added that historically, the City didn't touch the curbs with street resurfacing. The 2022 project was the first that had OHM analyzing the curbs – they did the curbs on Woodside and on Williams between Cleveland Rd. and Standard. It will now become commonplace as part of their street resurfacing to look at the curbs.

Mr. Grieves asked how much the curbs added to the project. Mr. Hamilton said they are still waiting on final numbers, but they were far under budget on that project because they were originally going to sawcut and bury the new water main, and they managed to bore most of that in. They have a lot of room on that budget, but they think it's going to be around \$18,000. Mr. Grieves asked what would have happened if they weren't under budget. Mr. Hamilton answered that the way the curbs were after milling the road down, they would have had to replace them, regardless. They would have found the money somewhere. Mr. Lasko added that, not as part of this project, they are going to put in the crosswalks at both Valley View and Forest Hills, which is 90% funded by ODOT. The residents are looking forward to those safe crossings.

Mr. Biddlecombe asked staff to please let him know if weather pushes back the paving of Mills and Huron Street, and what the anticipated date will be.

Mayor's Discussion

Mayor Tapp said:

Council held a work session at 5:30pm today regarding the proposed income tax increase. I just want to put out there that the community is welcome to come to these work sessions and inquire if they have questions – or come to the Council meetings or contact one of the Council members. We are learning as we go, and we do have some answers if you have questions. If there are questions we don't have answers to, we will find out for you. Reach out to a Council member.

I have gotten questions about when the ConAgra project is going to start. I am probably the person with the least amount of patience as far as getting things done, but I found out that it doesn't matter what I fee, it takes time. It is in process and is moving along. At this point, staff is in negotiations, and even after that, this still has to go to the Planning Commission. That can go anywhere from 1 meeting to, who knows? There is a process we have to follow, and that process takes time.

Ms. Welkener had her surgery and I texted her today. She is starting her therapy today.

We are going to miss Mr. Foos. I am two-sided on this. I hate to see you go, but I do not condemn anyone who betters themselves, and this is great. The City of Huron should be honored that one of our own has this opportunity to do in that direction. Good luck to you, Mr. Foos. The Department is going to miss you and we are going to miss you. I can say that I know someone that works for the Secret Service now...

For the Good of the Order

Mark Claus – I just wanted to ask if we could get an email to Council of the income tax meetings dates – something that we could forward to people. I would also like to thank Jen for stepping in and doing a great job. I don't think we even realized that Terri wasn't here – that's how smooth it went. That was great. I know you have been coming to the last several meetings to learn the ropes. Good job. That's all I have.

Sam Artino – I would like to congratulate Detective Foos, as well. I would also like to thank staff for this work session this evening. It gave us some more information, and it also gave us an opportunity to ask for information that will help us talking with other folks. Thanks for your help with that. That's all.

Joe Dike – I would also like to say congratulations to Ian Foos. That is a great honor and congratulations on your next move. That's all, thank you.

Matt Grieves – I have nothing.

Joel Hagy – No sir, I have nothing for the good of the order.

William Biddlecombe – Thanks, staff for your hard work. Congratulations to Detective Foos and thank you for your service. My condolences go out to the Vandergut family – everyone be on the lookout for Steve, he is a black and white dog who ran off from the Beachwood Cove/Eagle Crest area on the east side of

town. He was wearing a gray thunder shirt and a Browns bandana. Any information on his whereabouts, call 419-681-2665. The next meeting of the Huron School Board is scheduled for Monday, October 21st at 6pm at the high school. The next meeting of the Scott Cemetery Board is scheduled for October 28th at 5pm at Huron Township Hall. Tonight is this month's Dine-for-Donate that supports the Huron PTO at Domino's. I would like to thank the Huron High School National Honor Society. They woke up early on Sunday morning following their Homecoming dance and they went and cleaned up Nickel Plate Beach as part of the annual Alliance for the Great Lakes Adopt-a-Beach Program.

Home games coming up: Volleyball on September 28th and October 1st. Boys Soccer on September 25th and October 2nd and 5th; Girls Soccer on September 25th, 28th, October 2nd and 5th; the Cross Country Huron Invitational is coming up on October 5th at 9am; and after a 49-14 win against Dayton-Dunbar, and the even more exiting come from behind Homecoming Victor (38-20) against Tiffin-Columbian, the Tigers will hit the road this week to begin SBC Bay Division play against Port Clinton this Friday, September 27th at 7pm before returning home to face Bellevue on Friday, October 4th at 7pm. Please come out and support our local events, programs and student athletes, and GO TIGERS!

Adjournment

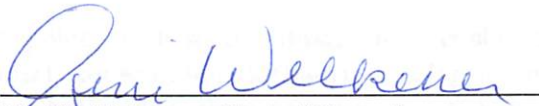

Motion by Mr. Biddlecombe to adjourn the regular meeting of Council.

The Mayor asked if there were any questions on the motion. There being none, the Mayor directed the Clerk to call the roll on the motion. Members of Council voted as follows:

YEAS: Biddlecombe, Artino, Claus, Tapp, Dike, Grieves, Hagy (7)

NAYS: None (0)

There being a majority in favor of the motion, the regular Council meeting of September 24, 2024, was adjourned at 7:06pm.

Terri S. Welkener, Clerk of Council
(minutes prepared from audio recording)

Adopted: 18 DEC 2024
