This work session of Council will be conducted in person in Council Chambers at Huron City Hall and live-streamed on the City of Huron's YouTube channel. The public is free to observe and hear the discussions and deliberations of all members of City Council via the following link: <https://www.youtube.com/channel/UCpRAV-AnmlA6lfukQzKakQg>

I. Call to Order

II. Roll Call

III. Old Business

IV. New Business

IV.1 Discussion of signs located in the public right-of-way.

Right-of-Way Definition:

Federal regulations specify that "The State shall acquire rights of way of such nature and extent as are adequate for the construction, operation, and maintenance of a project". The location of the right of way lines are determined, to a large degree, by the construction limits. The right of way line, either permanent or temporary, must encompass the required area for construction activities. The right of way width should be sufficient to accommodate the proposed roadway. Many additional factors must be taken into consideration before final right of way lines are established.

Factors that should be considered in the selection of right of way widths include, but are not limited to: utilities, anticipated traffic volume, stage construction, real estate values, winter snow removal and storage difficulties, flat or rolling terrain, etc. It is essential that the selected right of way width meet all the requirements of the construction and maintenance of the highway.

Drawings depicting right-of-way vs. lot lines is attached hereto.

V. Adjournment
