### **Subject Matter/Background**

As a reminder, this project received just over \$1M in grant funding to repave Rt 6 from Williams to the City limits (W), and remove the unwarranted lights at Center St and closing Jim Campbell BLVD at Center St. We will be installing a new roundabout at Liberty Ave, moving to single lane from the roundabout in to create more a boulevard feel. Opening Rt6 up at Liberty will improve traffic flow to the high school and the closure of JCB at Center St will improve traffic at this intersection. The costs below are construction costs only. There will be CI/CA costa above this.

Per the bid evaluation letter received from OHM Advisors, a copy of which is attached hereto as Exhibit 1:

#### **Engineer's Estimate**

The Engineer's Official Estimate of Probable Cost for this Project is \$3,924,461.12.

#### **Bids Received**

The Engineer (OHM Advisors) has reviewed all bids and hereby provides the following list of Bidders and bid prices:

Bidder Base Bid

1. D. L. Smith Concrete, LLC \$2,742,143.44
2. Smith Paving & Excavating, Inc. \$2,951,088.00

#### **Scope of Work**

Base Bid: New single lane roundabout, asphalt pavement resurfacing and removal, storm sewer replacement, and curb and sidewalk replacement on U.S. 6 from SR-2 to Williams St. (total project length of 1.26 miles)

#### **Bid Summary**

Upon review of references, equipment, materials, suppliers, subcontractors, and all documents submitted as required by the bid documents, the following is the lowest responsive and responsible bidder: DL Smith \$2,742,143.44.

#### **Financial Review**

The City had appropriated \$4.1 million in the initial 2026 budget for the proposed US Rte 6 project, with the recommended bid to be awarded totaling cost of \$2.7 million the City will be able to reduce its future borrowing burden for the project. This project will be partially funded in coordination with ODOT grant funding around \$1 million. The City will need to bond the rest of the funding, although the original estimated borrowing of \$3.4 million can be expected to be reduced to around \$1.5 - \$2 million. If estimating the cost savings from the original expectation based on a 20 year note at 5.5%, the annual payment would be \$118.5K lower than originally expected with interest savings over the life of the 20-year bond of \$970.5K.

#### **Legal Review**

The matter has been reviewed, follows normal administrative procedures and is properly before you.

**Recommendation**

If Council is in agreement with the request, a motion adopting Resolution No. 8-2026 is in order.

### **Subject Matter/Background**

This legislation is a new 5-year contract for Fire and EMS services for Huron Township. This is generally the same contract we have been operating under with a few clean up items. Huron Township agrees to pay 50% of the operating and 50% of the Capital costs. Any capital equipment purchased shall be owned by the City of Huron, and depreciation shall be reduced from the amount owed each year by the Township.

The Huron Township trustees have already authorized this agreement. A copy of Resolution 2026-03 adopted on February 2, 2026 is attached to this legislation as Exhibit A.

### **Financial Review**

This legislation is the mechanism that allows for the cost sharing needed to provide emergency services throughout the City and Township. All expenses will be accounted for in the Fire Levy Fund.

### **Legal Review**

The matter has been reviewed, follows normal administrative procedure and is properly before you.

### **Recommendation**

If Council is in agreement with the request, a motion adopting Resolution No. 9-2026 is in order.

**RESOLUTION 2026-03**

**A RESOLUTION AUTHORIZING THE HURON TOWNSHIP TRUSTEES TO ENTER INTO A CONTRACT FOR FIRE PROTECTION AND RESCUE SQUAD SERVICES WITH THE CITY OF HURON, OHIO.**

The Board of Trustees of Huron Township, Erie County, Ohio, met in regular session on the 2<sup>nd</sup> day of February, 2026, at the Township Complex, 1820 Bogart Road, Huron, Ohio, with the following members present:

Mr. Edward Wimmer  
Mr. Gordon Hahn  
Mr. Raymond Enderle

Mr. Enderle introduced the following resolution and urged its adoption:

**BE IT RESOLVED BY THE TRUSTEES OF HURON TOWNSHIP, ERIE COUNTY, OHIO:**

1. Pursuant to Sections 505.37 through 505.44 of the Revised Code of Ohio, the Huron Township Trustees do hereby wish to enter into a contract for fire protection and related services with the City of Huron, Ohio, in order to provide for the safety and welfare of the residents of Huron Township.
2. Said fire protection and related services shall be provided by the City of Huron, Ohio, in accordance with the terms of said contract (attached hereto as Exhibit A), the percentage of cost shall be specified in said contract. This contract shall be in full force for five (5) years beginning January 1, 2026, and ending December 31, 2031, and shall supersede all other agreements for fire protection and related services between the City of Huron and Huron Township.
3. Said fire protection and related services shall be provided to the residents and property owners of Huron Township Precincts #1 and #2 Fire Districts in accordance with the contract (Exhibit A).
4. This Resolution shall be in full force and effect from and immediately after its adoption.

Mr. Hahn seconded the motion to adopt said resolution and the roll call being called upon its adoption was as follows:

Matthew S. Dewey, Fiscal Officer  
Huron Township, Erie County, Ohio

**CITY OF HURON/HURON TOWNSHIP**  
**AGREEMENT FOR SERVICES**

**THIS AGREEMENT** (“Agreement”), made by and between the City of Huron, Ohio an Ohio Charter Municipality, 417 Main Street, Huron, Erie County, Ohio (“City”), and the Board of Trustees of Huron Township, 1820 Bogart Road, Huron, Erie County, Ohio (“Township”), is to EVIDENCE THAT:

**WHEREAS**, the City and the Township desire to continue their long-term partnership in an effort to provide their residents with fire suppression and emergency medical service; and

**WHEREAS**, the existing contract for fire protection and emergency squad service is scheduled to expire on December 31, 2025; and

**NOW, THEREFORE**, in consideration of the mutual promises of the City and the Township, the parties enter into this Agreement.

**1. SERVICES**

1.1 The City agrees to provide and furnish fire protection and emergency squad services during the term of this Agreement for all property and residents located within the territorial limits of the Township.

1.2 Such fire protection shall consist of the City providing the facilities of the City Fire Department (hereinafter “Department”), including personnel and equipment, to fight any and all fires occurring within the Township, in the same manner and to the same extent as said Department would fight fires within the corporation limits of the City of Huron.

1.3 Such emergency squad service shall consist of the City providing the facilities of the Department, including personnel and equipment, to respond to all calls for emergency ambulance service within the Township, in the same manner and to the same extent as said Department would respond to emergency ambulance calls within the corporation limits of the City of Huron.

1.4 All calls from Township residents for fire and emergency squad service shall be received by the Department in the same manner as are calls from City residents, and the Chief of the Fire Department shall determine, in their discretion, the deployment of equipment and personnel to respond to calls from Township residents. The Township agrees that neither the City, its legislative body, nor any member of the Fire Department of the City, or any other City employee, jointly or severally, shall be liable to the Township or any of its inhabitants or property owners, for failure to answer any fire all or emergency squad request or for lack of speed for answering such call, other than for gross, willful, or wanton negligence of the City.

1.5 During the term of this Agreement, the City will ensure the Township will receive the benefit of twenty-four hours a day, seven days a week manning/operation of Station 2 located in Huron Township.

1.6 At execution of this Agreement, and as may be periodically requested by the Township, the City shall provide a Certificate of Insurance ensuring the Township is identified as “additional insured” on the City’s insurance policies, which shall include comprehensive general liability insurance and property damage insurance. The Township shall remain a named insured for the term of this Agreement, and any renewal thereof, for any acts or omissions of the City in performing the fire protection and emergency squad services required herein.

## **2. EQUIPMENT**

2.1 The Township agrees that the Department shall have the exclusive use of all firefighting equipment now owned or hereafter purchased by the Township during the term of this Agreement. Said Township equipment may be used at the discretion of the Department for any fire or other emergency use within the Township or the City of Huron or in other political subdivisions in which said equipment may be deployed in fulfillment of the City’s obligation under mutual aid fire contracts.

2.2 The Parties further agree that, as a basis for ensuring the shared expenses per Section 3 of this Agreement are continuously accounted for and monitored, the Department shall develop an amortization and equipment replacement program which includes all fire and emergency apparatus and rescue vehicles. Said program shall detail the original acquisition cost, anticipated replacement cost and the existing and future useful life of such equipment. This program shall be utilized from the date of execution of this Agreement forward in the calculation of depreciation as it is applicable to the equipment.

2.3 Upon the termination of this Agreement, the possession of the Township equipment shall be returned to the Township, together with all equipment and improvements permanently affixed thereto by the City.

2.4 The City shall have the right during the term of this contract to add, modify, change or remove any and all equipment, accessories or machinery located on the Township equipment when, in the judgment of the Chief of the Fire Department, or in the absence of the Fire Chief, the Fire Captains shall reserve the right to make the determination, the same is necessary in the best interest of the general public of the City and the Township.

2.5 The City shall have the right to review and approve, prior to acquisition, all capital equipment provided by the Township. Equipment acquired outside of the aforementioned process shall not be included in a schedule of depreciation for purpose of Section 2.7.

2.6 The City shall maintain the Township equipment in good working order at all times during the term of this Agreement and shall provide all maintenance, repairs and replacements to said equipment as may from time to time be required to keep the same in good working order. Expenses for maintenance, repairs and replacements to said equipment shall be budgeted and paid as described in Section 3. Capital equipment replacements shall be paid as described in Section 3.3.

2.7 The Parties consent and agree that at the time of this Agreement, the Township and the City each may hold sole ownership on the title of specific pieces of equipment currently in service in the Department, meaning the initial purchase of the equipment was not equally shared at fifty percent (50%). Said equipment was acquired at a time when the calculation of depreciation was

applied to the cost of the services provided for. To that end, and in an attempt to clarify the application of depreciation, the parties agree to the following:

2.7.1 The amount of depreciation credited to each party shall be calculated by dividing the cost of the equipment by the useful life of such equipment. The sum of all depreciation for each party shall be multiplied by the run response percentage as described in Section 3.1 and this number shall become the annual depreciation. If the City's annual depreciation exceeds that of the Township, the contract will be increased by that amount. If the Township's annual depreciation exceeds that of the City, the contract will be reduced by that amount.

~~2.7.2~~ 2.7.2 The annual depreciation of all City and Township equipment shall not include any equipment that is donated to either party or any equipment purchased through the Rescue Squad Development Fund.

2.8 The Township shall carry its own insurance on fire equipment owned by it and used by the City. The Township and the City agree that for each party to this Agreement the amount of insurance in force at the effective date of this Agreement shall be continued without reduction during the term of this Agreement. In the event any of such Township equipment is damaged, regardless of cause, Township agrees to pay the City the amount received from its insurance company for such damage to defray the expense of repairs required to be made by the City.

### **3. ANNUAL BUDGET AND PAYMENT SCHEDULE**

3.1 It shall be the sole authority of the Huron City Council to establish an annual expense budget for the Department for presentation to the Township on or before November 1<sup>st</sup> each year. Each party shall be subject to and responsible for an equal share of fifty percent (50%) of annual budgeted expense less any reductions specifically noted herein.

3.2 The annual expense budget shall be supported by the following revenue variables:

3.2.1 Levy Funds. The proceeds of the property tax levy in existence at the time of the execution of this Agreement shall continue to be the primary funding source of the Department. The receipt of all Fire Levy proceeds shall be deposited by the City in support of the Department's annual budget and establish the primary funding amount. The Annual Percentage attributed to the Township and City will establish the basis for cost sharing any deficit.

3.2.2 Insurance Collection. The City shall have the sole discretion on the continuation of the practice of insurance billing collection as a municipal function for the sole purpose of providing supplemental revenue in support of Department operations. In the event that the City discontinues insurance billing collection, the Township may implement insurance billing collection. The entity actually performing insurance billing collection has the right to retain all proceeds of the collection it performs and shall be responsible for the costs of its billing operation. Both parties agree that the existence of the insurance collections for the purpose of funding the Department is vital to maintaining the service level currently enjoyed by the Parties.

3.2.3 For the period of this Agreement and any renewals, the Parties agree that any deficit in existence following the collections designated in 3.2.1 and 3.2.2 shall be the joint responsibility of the Parties in fifty percent (50%) increments.

3.2.4 For the period of this Agreement and any renewals, the Parties agree that any surplus in existence following the collections designated in 3.2.1 and 3.2.2 shall first be reserved for budget stabilization in the Department's operating fund. Additional surplus shall be deposited by the City in a fund designated for the acquisition and maintenance of capital equipment for utilization by the Department.

3.3 Each party shall be subject to and responsible for an equal share of fifty percent (50%) of actual capital equipment expenses above and beyond the annual budget expense share. The capital equipment expenses shall be agreed upon by both parties and shall include equipment in the equipment replacement program from Section 2.2.

3.4 The City shall invoice the annual cost of the Department's services pursuant to this Agreement divided into quarterly increments. The Township shall forward payment to the City within thirty (30) days of the receipt of said invoice. The fourth quarter invoice may include necessary additions or credits as determined by both parties, including but not limited to, equipment depreciation and utilities.

3.5 The City shall provide to the Township, at the end of every calendar quarter, a reconciliation of departmental budgetary funds expressing revenue and expenses generated calendar year to date.

#### **4. TERM**

4.1 The term of this Agreement shall be from January 1, 2026 through December 31, 2031, inclusive.

4.2 Either party has the discretion to terminate this Agreement at any time, for any or no reason, provided that no less than one hundred eighty (180) days' prior written notice of termination is given to the other party.

4.3 In the event of any termination, and as of the date of termination of this Agreement, the Township shall have no further obligation to make payment to the City, except for payment for service rendered and owed at the time of the termination, and the City shall have no further obligation to provide the services required by this Agreement.

4.4 This agreement may be renewed for additional terms of one (1) year each, such term to begin immediately after the expiration of the prior term *unless* no less than one hundred eighty (180) days' prior written notice of non-renewal is given to the other party. Unless the City or Township gives no less than one hundred eighty (180) days' prior written notice of non-renewal to the other party as provided herein, the renewal option shall be deemed to have been exercised automatically.

4.5 If the City or Township chooses not to exercise the above-described renewal option, that party shall notify the other party of such non-renewal in writing at least one hundred eighty (180) days prior to the expiration of the term then in force.

4.6 Unless otherwise modified in writing signed by both parties, and subject to Section 3.2.3, the provisions of this Agreement shall remain unchanged during the renewal term.

## **5. AMENDMENT**

Any amendment to this Agreement must be written, legislated, and signed by the authorized representatives of the City and Township.

## **6. GENERAL TERMS**

6.1 The City agrees to maintain all Mutual Aid Fire Protection Contracts of either party in force at the time this Agreement is entered into.

6.2 The City agrees to assume responsibility for preventive fire code enforcement activities and inspection program in the unincorporated portions of the Township as appropriate regulations covering the same are adopted by resolution of the Township Board of Trustees.

6.3 This Agreement is entered into pursuant to the provisions of all applicable sections of Ohio Revised Code, including §9.60 (C), and §505.37, and as authorized by Resolution adopted by the Huron City Council and by Resolution adopted by the Board of Township Trustees.

6.4 This Agreement shall be governed and construed in accordance with the law of the State of Ohio.

6.5 The Parties acknowledge that the Township and the City (including its Fire Department) are independent contractors. Nothing in this agreement is intended, or will be construed, to create and employer/employee relationship, a joint venture partnership, a partnership, or other similar relationship. As an independent contractor, the City's employees, contractors and agents are not eligible for, or entitled to, and shall not participate in the Township's health or other benefits plans.

## **7. DISPUTE RESOLUTION**

The Parties will attempt in good faith to resolve any dispute or claim arising out of or in relation to this Agreement through negotiations between a representative of each of the Parties with authority to settle the relevant dispute. If the dispute cannot be settled amicably by the Parties, the Parties agree to utilize mediation prior to the commencement of any other legal remedy. Performance of this Agreement shall continue during all dispute resolution proceedings. No payment due or payable by the City or the Township shall be withheld on account of a pending reference to the dispute process except to the extent that such payment is the subject of such dispute.

**8. CAPTIONS**

The captions and headings in this Agreement are for convenience only and in no way define, limit or describe the scope of any provisions or sections in this Agreement.

**9. ENTIRE AGREEMENT AND SEVERABILITY**

9.1 Upon execution of this Agreement by both of the parties, this Agreement shall constitute the entire agreement between the parties for the provision of Fire Protection Services.

9.2 This Agreement shall fully amend, supersede, and replace all previous agreements and oral and/or written understandings by and between the parties hereto existing prior to the date hereof.

9.3 The provisions of this Agreement are severable, and if any work, phrase, clause, sentence, paragraph, section or other part of this Agreement or the application thereof to any person or circumstance shall ever be held by any court of competent jurisdiction to be invalid or unconstitutional for any reason, the remainder of this Agreement and the application of such word, phrase, clause, sentence, paragraph, section or other part of this Agreement to any other persons or circumstances shall not be affected thereby.
