RESOLUTION NO. 58-2025

Introduced by Sam Artino

A RESOLUTION AUTHORIZING THE INTERIM CITY MANAGER TO SUBMIT AN APPLICATION TO THE OHIO PUBLIC WORKS COMMISSION (OPWC), SCIP AND LTIP PROGRAM YEAR 40, FY 2027 GRANT AND/OR LOAN RELATING TO THE SOUTH MAIN STREET STREETSCAPE PROJECT IN THE AGGREGATE AMOUNT OF SIX HUNDRED THOUSAND AND 00/100 DOLLARS (\$600,000.00); AND FURTHER AUTHORIZING THE INTERIM CITY MANAGER TO ACCEPT SAID GRANT AND/OR LOAN AWARD IN AN AGGREGATE AMOUNT NOT TO EXCEED SIX HUNDRED THOUSAND AND 00/100 DOLLARS (\$600,000.00), SHOULD THE APPLICATION BE SUCCESSFUL.

WHEREAS, the City of Huron desires to seek grant/loan funding from the Ohio Public Works Commission (OPWC), SCIP and LTIP Program Year 40, FY 2027 to partially subsidize the South Main Street Streetscape Project (referred to as the "Project"); and

WHEREAS, the Project meets basic eligibility requirements for project funding as it has a direct relationship to water supply capital infrastructure; and

WHEREAS, the City of Huron has the authority to apply for financial assistance and to administer the amounts received from OPWC; and

WHEREAS, the City of Huron must direct and authorize the Interim City Manager, Stuart Hamilton, to act as the Authorized Representative for the application and project, if awarded.

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF HURON AS FOLLOWS:

SECTION 1. That the Council of the City of Huron authorizes and directs the Interim City Manager to submit a grant application through the Ohio Public Works Commission (OPWC) SCIP and LTIP Program Year 40, FY 2027 to become eligible for potential grant and/or loan funding assistance relating to the South Main Street Streetscape Project in the aggregate amount of Six Hundred Thousand and xx/100 Dollars (\$600,000.00). A copy of the financial assistance application materials is attached hereto as Exhibit "A."

SECTION 2. That if grant and/or loan funds are awarded, authorization is given to the Interim City Manager to execute any agreement(s) with OPWC to be eligible for funding under the program, and to accept the grant and/or loan award of up to Six Hundred Thousand and xx/100 Dollars (\$600,000.00).

<u>SECTION 2</u>. That this Council hereby finds and determines that all formal actions relative to the adoption of this Resolution were taken in an open meeting of the Council and that all deliberations of this Council and of its committees, if any, which resulted in formal action, were taken in meetings open to the public in full compliance with applicable legal requirements, including O.R.C. §121.22 of the Revised Code

SECTION 4. That this Resolution shall go into effect and be in full force and effect immediately upon its passage.

RE: OPWC - ROUND 40 SCIP & LTIP APPLICATIONS

It's time again to prepare OPWC grant and loan program applications.

Applicants should submit either paper or electronic applications (pdf on a CD, DVD, or electronic storage device) to the Eric County Regional Planning Department no later than Friday September 12, 2025 at 4:00 p.m.

- Applications need to include the following documents:

 Application for Financial Assistance form. (attached)

 Round 40 District S Capital Improvement Projects Questionnaire and Priority Rating Sheet. (attached)

 Certified copy of legislation from applicant authoriting a designated official to sign and submit the application.

 Financial Officer Statement stating that local funds are available

 Professional Engineer's Cost Estimate and Useful Ufe.

 Supporting Documentation: For road projects you will need a traffic count that is no more than three years old and if your project will create jobs, you will need documentation. Pictures and maps always help.

Also attached for your review are the Supplemental Application Instructions revised November 2021. This includes examples of the required OPWC documents.

Villages and Townships that qualify for the Small Government Program (Populations less than 5,000) are urged to complete the additional Small Government Application Material as they may qualify for funding out of that program. More on the program can be found here: https://publicworks.ohio.gov/programs/infrastucture/government/01-small-povernment

Please do not hesitate to contact me if you need clarification on this letter or have questions regarding the application process

6.0 Atta	chments / Completeness review
Confer	n in the baxes below that each item listed is attached (Check each box)
	A certified copy of the logislation by the governing body of the applicant authorizing a designated official to sign and submit this application and axecute contracts. This individual should sign under 7.0. Applicant Cortification, below.
	A certification signed by the applicants chief financial officer stating the amount of <u>at local shate</u> funds required for the project will be available on or before the dates tated in the Project Schedule section. If the application involves a request for loan (R.P. or SCP), a certification signed by the CFO which identifies a specific revenue source for repoying the loan also must be attached. Both certifications can be accomplished in the same letter.
	A registered professional engineers detailed cost estimate and useful life statement, as required in 164-1-13, 164-1-14, and 164-1-16 of the Ohio Administrative Code. Estimates shall contain an engineer's seal or starma and standules.
	A cooperative agreement (if the project involves more than one subdivision or district) which identifies the fiscal and administrative responsibilities of each participant.
	Farmland Preservation Roviow - The Governor's Executive Order 98-IIV, "Onle Farmland Protection Policy" requires the Commission to establish guidelines on how it will take protection of productive agricultural and grazing famili into account in its funding decision making process. Please Include a Farm Land Preservation statement for projects that have an impact on farmland.
	Capital Improvaments Report, CIR Required by O.R.C. Chapter 164.06 on standard form.
	Supporting Documentation: Materials such as additional project description, photographs, economic impact (temporary and/or full time) lobs likely to be created as a result of the project), accident reports, impact on school zones, and other information to assist your distinct committee in ranking your project. Be sure to include supplements which may be required by your local District Public Works Integrating Committee.
7.0 App	licant Certification
Ohio Public bellet, all re commitme of the appi project, the	gned certifies: (1) he/she is legatly authorized to request and accept financial assistance from the . Worst Commission as identified in the attached legistation; (2) to the best of his/her browledge and presentations that are part of this application are two and cortect; (3) and folical documents and inits of the applicant that are part of this application have been duly authorized by the governing body locart; and, (4) should no requisited thrancial assistance be provided, that in the execution of this applicant will comply with all assurances required by Ohio Law, including those two/ving Buy Ohio fing wages.
and will no Commissi	certifies that physical construction on the project as defined in the application has NOT begun, at begin until a Project Agreement for this project has been executed with the Ohlo Public Works on. Action to the contrary will result in termination of the agreement and withdrawal of Ohlo rks Commission funding from the project.

Supplemental Application Instructions

Application materials are available at Round 40 Applications mypo Prerequisites for Project Consideration

Manner of submittal items to the County Subcommittee:

- Electronic or Paper Application Submittal Instructions
 1) Must be one-sided, 8.5" x 11".

 - No dividers or cover sheets (a summary sheet may be submitted with "other documentation").
 No Binding. A binder clip, folder, punch-less binder (has a clamp that holds papers together) are OK. No
 - staples.

- 1) All must be in whole dollars (no cents).
- Cannot use all caps.
 Page 4 of application must contain relevant information about project and not "see attached". If it will not fit in space provided, list what will fit and attach one supplement document to complete the information.
- 3) Page 3 must designate households or ADT ONLY for the direct area of the infrastructure. (Cannot count downstream or system users). Majority infrastructure type determines how project is scored when there are multiple components. ADT Traffic Counts are required within three years of application submittal with certified documentation

Optional Electronic Application Submittal

Applicants may opt to submit applications in a pdf electronic file format on a CD, DVD or other electronic storage device.

- OPWC Required Documents
 OPWC Six Page Application
 Authorizing Legislation
 CFO Certification of Local Funds and Loan Repayment Letter
 Engineer's Estimate and Useful Life Statement
 Cooperative Agreement (Multiple Jurisdictions)
 Farmland Preservation Review Letter

- District 5 Required Documents

 A Self-Score Capital Improvements Questionnaire
 oPriority Rating Sheet, FY26/PY39

 For Applicant under 5,000 in population include the Small Government Supplement and supporting

 - documentation
 ADT Traffic Counts conducted within three years of the application submittal
 SEPA Findings and Orders, EPA Safe Drinking Water Regulations Notice of Violation, EPA NPDES
 Permit Violations, EPA Consent Decree or Count Orders
 Documentation to support Functional Obsolescence Claim
 Obcumentation of Waterline Breaks, I and I Analysis, excessive corrosion, etc.
 Written Third Party Documentation supporting Job Creation/Retention Claims

 - OAuditor's Certificate
 Other items
 - Maps Pictures
 - Summary Sheet

 - Letters supporting the project application.

 Any other items deemed relevant to the project

Revised: April 15, 2025

OPWC guarantees each community/applicant one license to access WorksWise to apply for funding and request disbursements once funded. Additional requests for access are now being granted. To onboard new and existing applicants, you must provide the following information to the D-5 OPWC Program Representative, Ashley Ellrod, at Ashley Ellrod@pwc.ohio.gov. Ashley can also answer questions about WorksWise.

- Your Full Name
- Subdivision Name
- Subdivision Code
- · Address / Phone / Email
- Employer (if not employed with subdivision)

Letter of Authorization for WorksWise access to applicant's account

· Letter of Authorization form attached (if required, see below)

If you want access for another community other than the one with which you are employed (i.e., consulting firms), a Letter of Authorization will be required to be uploaded when you make the request to be set up for that community Below is a link to the template that must be put on the subdivision's letter head, signed, and scanned in as a PDF. Please do not create or make your own version of this letter, the below template is the only format we will allow

Evaluation Questionnaire and Priority Rating Sheet

- Each application to District 5 shall be rated using the District 5 Capital Improvements Project Questionnaire and
- Each application to District S shall be rated using the District S Capital Improvements Project Questionnante and Priority Rating Sheet as adopted by the District 5 Executive Committee. For Villages and Township with populations less than 5,000 special attention is called to the potential eligibility for Small Government Funding consideration. The scoring for the Small Government Program is established and implemented by the Ohio Public Works Commission. This program has an additional set of Evaluation Methodology. Each applicant should familiarize themselves with this methodology when planning your project funding request. If your project is not selected for District Punding each applicant under 5,000 in population will be considered for selection as a potential Small Government Project.

Project Cost Overruns/Changes in Scope Procedure

- The applicant will prepare an amended application including a revised budget, revised engineering estimate, and a detailed explanation of the change(s) requested.

 The amendment is due to the District 5 Liaison thirty days in advance of the date of the scheduled District 5 Executive Committee Meeting.

Revolving Loan Prioritization

- RLP funds are funds repaid from previous loans. The money can only be used for loans. No grants may be made
- The interest rate for RLP Loans is established by the Executive committee at zero percent per year for the useful life
- of the improvement.

 RLP Loans will be offered to projects based on the ranking of projects on the SCIP Slate. Consideration will be given to projects in order of score based on initial grant or grant/loan request, until the RLP funds are expended.

DISTRICT 5 CAPITAL IMPROVEMENT PROJECTS QUESTIONNAIRE

	F12//F140
Name of Applicant:_	
Project Title:	

The following questions are to be answered for each application submitted for State Issue II SCIP, LTIP and Loan Projects. Please provide specific information using the best documentation available to you. Justification of your responses to these questions will be required if your project is selected for funding, so please provide correct and accurate responses. Villages and Townships under 5,000 in population should also complete the Small Government Criteria.

What percentage of the project in repair A-__%, replacement B= __%, expansion C= __%, and new D= _%? (Use dollar amounts of project to figure percentages and make sure the total equals one hundred(100) percent) A+B= __% C+D= __% ORC Reference(s):164.06(B)(1); 164.14(E)(10)

Renair/Replacement "Repair or Replacement of public facilities owned by the government (any subdivision of the state).

New/Expansion = Replacement of privately owned wells, septic systems, private water or wastewater

systems, etc.
 Existing Physical Condition of Infrastructure ORC Reference(s):164.06(B)(2);164.14(E)(9);164.14(E)(2);

164.14(E)(8)

Rating Guidance for Physical Condition: The basic logic behind the condition category descriptions is: don't tell us how bad the infrastructure condition is - show us. If the infrastructure has failed in some way to the point that it needs replaced, the project should receive the highest points, if major components have failed, but it doesn't require replacement the project should receive fewer points and if it needs maintained it receives even

Points	Category	Description	Examples
Points 10	Category Failing	Description Infrastructure has reached a point where it requires replacement, reconstruction or reconfiguration to fulfill its purpose	Road/Bridge-Intersection Reconfiguration due to accident problem-Structural paving of 3.5° or greater of additional pavement Pavement Widening to meet ODOT L&D Standards - Complet Pavement Reconstruction - Complete Bridge or Culvert replacement -Widening graded shoulder width to ODOT L&D Standard
			Water, San. Sewer/Storm-Water Sewer, or Storm Line Replacemen - Water or Sewer Plant Replacement - Replacement of a major component of a water and/e sewer treatment plant which would result in a failure in meeting WQ Standards - Project replaces a facility under EPA orders or whee

8	Poor	The condition is substandard and requires repair or restoration in order to return to the intended level of service and comply with current design standards. Infrastructure contains deficiency and is functioning at a diminished capacity.	demand exceeds capacity or where a documented environmental hazard is present. Road-Multiple course of paving. Single course of paving with 25% base repair-Widening graded shoulder width to less than ODOT L&D Standard-Structural Culvert Lining-Bridge Deck Replacement Water, San. Sewer/Storm-Replacement of a component such as a control mechanism, pumps, bydrants, valves, filters, etc of a water or sewer plant - Project repairs a facility component
6	Fading	The condition requires reconditioning to continue to function as originally intended.	ordered by a regulatory agency. Road/Bridge-Single course of paving-Widening aggregate berm on existing graded shoulder width Water, San. Sewer/Storm-Sewer Lining Projects - Water tower painting - Repair of a tank to maintain structural integrity in existing water and sewer systems- Project repairs a facility component considered to be maintenance in nature.
4	Fair	The condition is average, not good or poor. The infrastructure is still functioning as originally intended. Minor deficiencies exist requiring repair to continue to function as originally intended and/or to meet current design standards	manetalet in mutt.
2	Good	The condition is safe and suitable to purpose. Infrastructure is functioning as originally intended, but requires minor repairs and/or upgrades to meet current design standards	
0	Excellent	The condition is new or requires no repair. Or, no supporting documentation has been submitted	

2b. Age of Infrastructure ORC Reference(s):164.06(B)(2)

Life	20	30	50	
Project Type	Road	Wastewater and Water Treatment	Bridge/Culvert, Sanitary Sewer, Water Supply, Storm Water, Solid Waste	
Points				
0	0-4 Years	0-6 Years	0-10 Years	
1	5-8 Years	7-12 Years	11-20 Years	
2	9-12 Years	13-18 Years	21-30 Years	
3	13-16 Years	19-24 Years	31-40 Years	
4	17-20 Years	25-30 Years	41-50 Years	
5	20+ Years	30+ Years	50+ Years	

Health and Safety Rating: ORC Reference(s):164.06(B)(4),164.14(E)(1); 164.14(E)(10)

If the proposed project is not approved what category would best represent the impact on the general health and/or public safety?

ROADS

Critical: Resurfacing, Restoration and Rehabilitation (3R) of a Major Access Road.*

Major:

Moderate: Resurfacing, Restoration and Rehabilitation (3R) of a Minor Access Road.*

Minimal:

Preventative Maintenance of a Major Access Road.

No Impact:

Preventative Maintenance of a Minor Access Road.

Projects that have a variety of work will be scored in the <u>LOWEST</u> category of work contained in the Construction Estimate Road/Street Classifications:

Major Access Road

Roads or streets that have a dual function of providing access to adjacent properties and providing through or

connecting service between other roads.

Minor Access Road

Roads or streets that primarily provide access to adjacent properties without through continuity, such as cul-de-sacs

or loop roads or streets.

Preventative Maintenance:

Non Structural Pavement work such as chip sealing, cape sealing, micro-surfacing, crack sealing, etc

*(3R) Resurfacing, Restoration and Rehabilitation - Improvements to existing roadways, which have as their main purpose, the restoration of the physical features (pavement, curb, guardrail, etc.) without altering the original design elements. (Surface and latermediate layer Mill and Fills, overlays with less than or equal to 3.5" of additional pavement, fet....)

*(4R) Resurfacing, Restoration, Rehabilitation and Reconstruction - Much like 3R, except that 4R allows for the complete reconstruction of the roadway and alteration of certain design elements (i.e., lane widths, shoulder width, SSD, overlays with greater than 3.5" of additional pavement. ctc.).

BRIDGES SUFFICIENCY RATING

Extremely Critical: 0-25, or a General Appraisal rating of 3 or less.

27-50, or a General Appraisal rating of 4 Critical: Major: 51-65 or a General Appraisal rating of 5 or 6. Moderate: 66-80 or a General Appraisal rating of 7.

Minimal: 81-100 or a General Appraisal rating of more than 7.

No Impact: Bridge on a new roadway.

WASTEWATER TREATMENT PLANTS

Extremely Critical:

Improvements required by the Environmental Protection Agency (EPA) in the form of a consent decree, finding and orders or court order, and Health Department Construction

Critical:

Improvements required by the Environmental Protection Agency (EPA) in the form of NPDES permit requirements or Notice of Violations

Operational Improvements to Existing Plants. Replace deficient appurtenances. Update existing processes due to EPA recommendations.

Major:

Increase capacity to meet current needs or update processes to improve effluent quality.

New/Expansion project to meet a specific development proposal.

No Impact:

New/Expansion to meet future or projected needs

WATER TREATMENT PLANT

Extremely Critical:

EPA orders in the form of a consent decree, findings and orders or co

Critical:

Improvements to meet Environmental Protection Agency (EPA) Safe Drinking Water

Regulations and/or Notice of Violations

Operational Improvements to Existing Plants. Replace deficient appurtenances. Update existing processes due to EPA recommendations.

Moderate

Increase canacity to meet current needs or undate processes to improve water quality.

Major:

New/Expansion project to meet a specific development proposal.

No Impact:

Critical:

Moderate:

New/Expansion to meet future or projected needs.

COMBINED SEWER SEPARATIONS (May be construction of either new storm or sanitary sewer as long as the result is two separate sewer systems.)

Extremely Critical:

EPA orders in the form of a consent decree, findings and orders or court order. Health

Department Construction Ban.

Separate, due to chronic backup or flooding in basements.

Major:

Separate, due to documented water quality impairment, or due to EPA recommendations Separate, due to specific development proposal within or upstream of the combined

Separate, to conform to current design standards

No positive health effect. No Impact.

STORM SEWERS				the public, or, EPA orders in the form of a consent decree, findings and orders or court order.
Extremely Critical:	Improvements ordered by the Environmental Protection Agency (EPA) in the form of a		Critical:	Inadequate capacity with actual or a high probability of property damage; or
Critical:	consent decree, findings and orders or court order. Chronic flooding (structure damage) or improvements required by the Environmental			improvements required by the Environmental Protection Agency (EPA) in the form of NPDES permit requirements.
	Protection Agency (EPA) in the form of NPDES permit requirements or Notice of Violations.		Major:	EPA recommendations, or; reduces a probable health and/or safety problem.
Major:	Inadequate capacity (land damage).		Moderate:	Rehabilitate to increase capacity to meet current needs.
Moderate:	Inadequate capacity with no associated damage.		Minimal:	New/Expansion to meet a specific development proposal.

Median Household Income (MHI) & Population
District 5 will use ACS 2023 data below to score criteria #7 of the Scoring Methodology,
Information is listed for each county, municipality and township. The Median Household Income (MHI)
for each entity was divide by the District 5 Mean MHI to produce an Economic Distress Factor.
District 5 then assigned points as follows: for each entity having an Economic Distress Factor of 80%
or less a score of 2 is awarded; for entities with an Economic Distress Score of 80.1% to 100.0%
1 point was awarded; for entities in excess of 100.1% a score of 0 was
owarded.

Ohio Public Works Commission

State Capital Improvement Program Local Transportation Improvement Program

Instructions for Financial Assistance

November 2021

Compan, Form OPWC0001

Page 1 of 14

WorksWise

The Ohio Works Commission has a customer portal, WorksWise, which is a complete online project management tool including application for funds. The system mirrors the former paper application and is the preferred way to submit applications for funding. However, we are currently maintaining these Instructions as we familiarize our customers with the new portal.

Please direct any questions to your OPWC Program Representative or District Liaison.

Compan. Form OPWC0001 Page 2 of 14

Ohio Public Works Commission District Integrating Committee Map

District Specific Requirements
Please contact your District or visit OPWC's website to determine if there are any district specific requirements or supplements to this Application. However, WorksWise makes no distinction. When you sign on to apply to your district, the requirements cover both OPWC and the respective district. Some districts also have a pre-application process which is outside the WorksWise portal. Submit applications according to your specific district's schedule.

For information on the District Liaison or OPWC Program Representative for your community, visit us at http://pwc.ohio.gov.

INSTRUCTIONS

Read instructions carefully and complete the form in its entirety.

Applicant; Indicate the name of the governmental entity applying for the funds. Eligible applicants are Ohio counties, cities, townships, villages, county sanitary districts, and regional water or sewer districts (ORC section 6119) Projects involving multiple entities must select only one to serve as the lead. A cooperation agreement must be executed and attached.

<u>Subdivision Code</u>; Enter the Applicant's Ohio Public Works Commission subdivision code. If unknown, visit OPWC's webpage - https://www.pwc.ohio.gov/Resources/Subdvision-Codes.

District Number: Enter the number of the OPWC District Integrating Committee in which your community is located. If unknown, refer to the map in this packet or call OPWC.

County: Enter the county in which your community is located.

Date: Enter the date you are completing the application.

<u>Contact</u>: Enter the name of the contact person who can best answer or coordinate a response to questions regarding the application. *This person must be available during regular business hours.*

Phone, Email, Fax: Provide the daytime telephone number, fax number and an e-mail address for the "Contact".

<u>Project Name:</u> Provide the name of the project being applied for. Please be descriptive and specific, e.g., Maple Avenue Resurfacing, South Water Treatment Plant Upgrade.

Zip Code: Provide the zip code for where the project is located.

<u>Subdivision Type:</u> Check the item that legally describes your governmental entity listed under 'Applicant'. If a county is serving as the applicant on behalf of a township(s), then select 'Township' as the subdivision type if all infrastructure is township-owned. If the applicant is a county sanitary district, select "County".

<u>Project Type:</u> Check the *single* largest cost component of the project even if the project involves various types. If a project addresses combined sewer overflows (CSOs) it should be typed as a wastewater project.

<u>Funding Request Summary:</u> This subsection will automatically populate from page 2 of the application. You will not be able to enter or edit this information from page 1.

Compan. Form OPWC0001

Compan Form OPWC0001

Page 4 of 14

- 1.0 Project Financial Information. Cost fields are preformatted so that only whole dollars can be entered. Totals and percentages will calculate automatically and can only be edited via the individual cost line iter
 - 1.1 Project Estimated Costs. This information must be derived from and be supported by an attached signed, sealed engineer's estimate

Engineering Services: Costs should be broken down by the phase described below and may include costs previously incurred.

Preliminary Design – Provides a level of plan development that allows for a

- reminingly besign revokes a level of pint development and allows to comprehensive analysis of all design issues, and should provide enough detail so that the intent, design parameters, costs and impacts of the project are clearly identifiable.
- identifiable.
 Final Design All work necessary to take Preliminary Design to plan specifications and estimates including right-of-way plans, environmental mitigation, and bidding. Construction Administration Includes but is not limited to construction inspection, project surveying and staking, and materials sampling and testing.

Engineering services will total automatically and a percentage as a cost of construction will calculate. These costs are closely reviewed, Justification for elevated engineering costs may be required including a request for proof of the qualification-based selection (QBS) process. Actual engineering costs incurred above the budget line item contained in the project agreement are the sole responsibility of the subdivision and will not be credited to the local subdivision contribution. Any request to amend the project budget for engineering services must be approved by OPWC in advance of the work. Note that engineering costs cannot include any of the subdivision's ongoing overhead expenses for carrying out its existing services.

NOTE: Costs incurred to administer OPWC funds or administrative costs of other funding agencies are ineligible. This includes preparation of the application, reque proceed, and disbursement requests (Appendix E of Project Agreement).

Right of Way: Cost to acquire easements or land for project construction

Construction: Cost to be paid to contractors or to be completed by force account (governmental entity's employees) as supported by and consistent with detailed engineer's estimate

Ineligible costs include, but are not necessarily limited to, the following: Items that strictly serve an aesthetic purpose including landscaping beyond basic post-construction repair (i.e., seeding and mulching), cost differential for decorative lighting, decorative piers, community welcome signs, water tower slogans and logos, trees grates and tree relocation, and trucked-in potable water for residents.

Materials Purchased Directly: State Law (O.R.C. 125.081) requires that 15% of all supplies, materials, and equipment purchased directly by the governmental entity be supplied by a Minority Business Enterprise. See the Ohio Department of Administrative Services website for Minority Business Enterprise Program for certified MBE businesses.

Permits, Advertising, Legal: Direct expenses for permit fees, advertising, and legal fees. Mailing costs to residents for assessment hearings are ineligible. If applying for Loan Assistance or Credit Enhancement enter cost here; this line would then be the same as that entered in Section 1.2. No other costs or resources should be entered.

Compan Form OPWC000

Local Transportation Improvement Program (LTIP): Projects may be funded up to 100%

<u>Total Financial Resources:</u> This will automatically calculate and populate the appropriate field on page 1.

- 1.3 Availability of Local Funds. Attach a statement signed by the Chief Fiscal Officer listed Availability of Local Funds. Attach a statement signed by the Chief Fiscal Officer listed in section 5.2 certifying that all local revenues for the project will be available on or before the earliest date listed in the project schedule (section 3.0). Failure to provide this certification may result in termination of the project. The applicant also needs to provide award letters for funds coming from other funding sources. The OPWC Agreement will not be released until all local resources are verified.
- 2.0 Repair / Replacement or New / Expansion (Design Service Capacity). The total will automatically populate from page 2. If the project has both repair / replacement (R/R) and new / expansion (N/E) components put in the amount for either category and the amount for the other category will automatically calculate. The percentage for each category will also calculate.
 - Repair / Replacement: The dollar amount of the repair or replacement of existing infrastructure that does not substantially increase designed service capacity.

 New / Expansion: The dollar amount of new infrastructure or the expansion of
 - existing infrastructure (has a design service capacity substantially greater than that of the existing infrastructure).

 Any impact to farmland requires a Farmland Preservation Review Letter regardless of the

category used above.

3.0 Project Schedule. Indicate the estimated beginning and ending dates for 3.1) engineering, design, and right of way, 3.2) bid advertisement and award, and 3.3) construction. The project schedule should be planned according to the release of the project agreement which is on or about July 1st. Construction should be underway no later than June of the following year, Projects with schedules that lend themselves to a future program year may be required to be resubmitted later

- 4.1 Useful Life / Cost Estimate / Age of Infrastructure. Enter the project's useful life Useful Life / Cost estimate / Age of infrastructure. Enter the project is useful file (minimum 7 years) and the age of the evisting infrastructure or the date of the last major improvement. Useful life must be supported by attaching a statement, signed, and sealed by a registered professional engineer. Projects with multiple components such as road and sever require use of a single weighted useful life. Also attach a detailed estimate of the project's costs with the professional engineer's seal and signature.
- 4.2 User Information. This section is specific to the system's users. For a road or bridge provide the current and projected average daily traffic (ADT). For water and wastewater provide current and proposed rate information and attach both the current and proposed water and sewer ordinances. Also, provide the number of households served. For stormwater projects provide the number of households served.

4.3 Project Description

oject Description

Specific Location: Provide a written location description that includes project termini.

Be clear as to the address if the project is for a water or wastewater facility, or the names of the roads if there are multiple locations. Provide a map but do not refer to a map as substitution for a written location description. This field is limited to 500 characters. Due to this limit an attachment may be provided for multiple locations.

Construction Contingencies: Enter no more than 10% of estimated construction costs for unforeseen construction expenses. This line is not intended for engineering over-runs or right-of-way expenses. The cost of construction as a percentage of the total project cost will automatically calculate.

 $\underline{\textbf{Total Estimated Costs:}} \ \textbf{This will automatically calculate and populate the appropriate field on page 1.}$

1.2 Project Financial Resources. Provide a breakdown of all project funding sources.

Local Resources: All local resources will total automatically, and the percentage of Total Financial Resources will calculate.

Local In-Kind or Force Account: Indicate the total dollar value of Force Account or In-Kind that will be contributed by the applicant toward the project. Force Account is the direct performance of construction work by the applicant for use of labor, equipment, materials, and supplies furnished by the applicant and used under its direct control. In-kind refers to goods or services supplied by individuals or entities other than the

<u>Local Revenues</u>: Indicate the dollar amount of actual local support, e.g. general revenues, local debt, user fees, etc., and / or any private sources such as developers, assessments, etc.

Other Public Revenues; Indicate other non-local sources and their dollar amounts – Ohio Department of Transportation (ODOT) / Federal Highway Administration (FHWA), United States Department of Agriculture (USDA), Ohio Environmental Protection Agency (OEPA) / Ohio Water Development Authority (OWDA), Community Development Block Grant Program (CDBG), or others.

If the project is funded through an ODOT program or FHWA appropriation, then provide the ODOT project identification number (PID). If the project is funded with CDBG assistance indicate the source of these funds as County Entitlement or Community Development Program or acquired through the Ohio Department of Development (ODOD).

OPWC Funds: Indicate the amount of financial assistance being requested. Assistance is available in the form of grant and / or loans, or loan assistance or credit enhancement. If a grant / loan combination, the percentage of each type of assistance will automatically

State Capital Improvement Program (SCIP): Applicants may request grants up to 90% of the total cost for repair and replacement of existing infrastructure, and up to 50% of the total cost for new and expanded infrastructure. A SCIP loan or SCIP grant/loan combination may be funded up to 100%. If making a request for loan assistance or credit enhancement it must be written as a separate application (if also making a grant and / or loan request for the same project).

- n request for the same project).

 Loan assistance is a grant used to pay the interest on a public or private construction loan during the construction period.

 A credit enhancement is also a grant that pays the premium for a bond insurance policy to improve the subdivision's credit or bond rating, therefore, improving the interest rate on the General Obligation or Revenue Bonds to be issued.

Compan. Form OPWC0001

- B. Project Components: Describe the specific work to be completed. For example, a sewer project should indicate whether it involves collection lines, interceptors, lift stations, etc. An engineer's estimate may not serve as a substitute for this section. This field is limited to 1,000 characters.
- C. Physical Dimensions: Provide the project specifics such as length, width, and quantity. This field is limited to 500 characters. Due to this limit an attachment may be provided for multiple locations.

5.0 Project Officials

- 5.1 Chief Executive Officer (CEO). Identify the person who will have the legal authority to sign a project agreement as indicated in the resolution (required attachment). Examples of a CEO are the chair / president of the board of county commissioners or township trustees, or the mayor or manager of a city or village. Include title, mailing address, phone number, fax machine number, and e-mail address. Project agreements will be mailed directly to the CEO for execution.
- 5.2 Chief Financial Officer (CFO). Identify the person who will have legal responsibility for both local and state funds. The CFO reviews and certifies the validity and accuracy of accounts, reviews invoices associated with the project, and assists in requesting the disbursement of funds from OPWC. Examples of a CFO are the county or city auditor, Clerk Treasurer, budget officer, or finance director, Include title, mailing address, phone number, fax machine number, and e-mail address. The CFO can not also serve as the CEO.
- 5.3 Project Manager (PM). Identify the person who will administer the project. The person could be a county or city engineer, an employee of the applicant, or a contracted consulting engineer. Include title, mailing address, phone number, fax machine number, and e-mail address. The PM may serve as the CEO if there is a shortage of designees provided the PM is not a contracted consulting engineer.
- 6.0 Attachments / Completeness Review. Review the application to ensure that all required attachments are provided. Formats for all required information are located on the following
- 7.0 Applicant Certification. The application must be signed by the individual authorized to do so in the required authorizing legislation. This person does not have to be the CEO, but the legislation must clearly authorize the individual who can enter into an agreement with DPWC as well as the individual who can sign the application if these are two different

AUTHORIZING LEGISLATION

A RESOLUTION AUTHORIZING [INSERT NAME AND / OR TITLE] TO PREPARE AND SUBMIT AN APPLICATION TO PARTICIPATE IN THE OHIO PUBLIC WORKS COMMISSION STATE CAPITAL IMPROVEMENT AND / OR LOCAL TRANSPORTATION IMPROVEMENT PROGRAM(S) AND TO EXECUTE CONTRACTS AS REQUIRED

WHEREAS, the State Capital Improvement Program and the Local Transportation Improvement Program both provide financial assistance to political subdivisions for capital improvements to public infrastructure, and

WHEREAS, the [Insert Name of Political Subdivision] is planning to make capital Improvements to [Insert Project Name], and

WHEREAS, the infrastructure improvement herein above described is considered to be a priority need for the community and is a qualified project under the OPWC programs,

NOW THEREFORE, BE IT RESOLVED by [Insert Name of Political Subdivision]:

Section 1: The finsert Name and/or Title of the Chief Executive Officer listed on application] is authorized to enter into any agreements as may be necessary and appropriate for obtaining this financial assistance.

Passed: [Insert Date]

[All Required Signatures Here]

Compan. Form OPWC0001

CHIEF FINANCIAL OFFICER'S CERTIFICATION OF LOCAL FUNDS / LOAN REPAYMENT LETTER

[Insert Date]

I. [Insert title] of the [Insert name of political subdivision], hereby certify that [Insert name of political subdivision] has the amount of [Insert amount of local funds] in the [Insert name of account / fund] and that this amount will be used to pay the local share for the [Insert name of project] when it is required.

(NOTE: If the application is for a loan or grant / loan combination the following paragraph is also required.)

I. [insert title] of the [insert name of political subdivision], hereby certify that [insert name of political subdivision] has / will have / will collect the amount of [insert amount of loan] in the [insert Name of Account / Fund] and that this amount will be used to repay the Ohio Public Works Commission SCIP or RLP loan requested for the [Insert name of project] over a [Insert number of years] term.

[Name, Title and Signature of Chief Financial Officer]

DETAILED ENGINEER'S ESTIMATE / USEFUL LIFE STATEMENT

(NOTE: The Estimate should specify items with prices and quantities necessary for the project. Do not summarize construction into one item. A construction contingency up to 10% is permitted but inflationary ediptstments are not. If the Useful Life Statement is provided on a separate page then both pages must have an engineer's seal or stamp and signature.}

[Insert Project Name]

ITEM	QUANTITY	UNIT	PRICE	AMOUNT
Asphalt (402 and 404)	1510	Cy	\$65	\$98,150
Excavation (203)	4640	Су	\$12	\$55,680
Aggregate Base (304)	1805	Су	\$18	\$32,490
