

CITY OF HURON  
CITY MANAGER'S REPORT

June 6, 2025

Stuart Hamilton, Interim City Manager

## ECONOMIC/COMMUNITY DEVELOPMENT

**ConAgra:** As required by ORC, the City sent the required notice to Erie County with our intent to ultimately approve an Incentive District TIF on the site to pay for the costs of the seawall. The County did not formally object to the TIF and the TIF was approved by Council on April 8, 2025, and submitted to the Ohio Department of Development on April 9, 2025.

The City is finalizing the process with ODNR to formally dedicate a portion of the ODNR boat launch property as public right of way – the preliminary dedication plat has been sent to Erie County for review and will be legislated by Council and signed in the next few weeks. As part of the plat, the City is providing a temporary name for the new roadway for purposes of getting the plat recorded as possible – which will be simply “Access Street.” Ultimately, the new public roadway will need a permanent name, and the staff is proposing calling it River Road as a continuation of the existing River Road – south of Rt. 6 – similarly to how we treat Berlin Road.

The City is putting the finishing touches on a joint easement agreement with ODNR which will permit the City temporary construction easements outside of the formal roadway while also providing ODNR an access easement for the property that is being dedicated as public right of way to ensure people have perpetual access to the boat launch.

USACE issued the permit for the Seawall project. We are waiting for confirmation that ODNR does not have any additional requirements. KS will prioritize the design completion and approval process, so we are ready to issue it at the correct time.

**River Rd. Land:** At the last Council meeting in February, Council approved a purchase and sale agreement with Triban Investment for \$700,000. The development team is anticipating constructing between 170-220 single-family homes. The City is still awaiting the purchase agreement back from the development team to officially start the 6-month due diligence process. We anticipate receipt of the agreement any day now.

As a condition of the sale, the property also must be rezoned to R-1. A public hearing at the planning commission has been scheduled for May 13<sup>th</sup> on this request. This legislation is currently in front of Council on three reading.

## INFRASTRUCTURE/STREETS/UTILITIES/IT

**East Side Sidewalks:** Staff have recommended contracting with RMH Concrete for this project. The project is expected to be substantially completed in 2025.

It should be noted that the bid came in roughly 50% lower than projected – meaning the City has excess grant funds from ODOT and Erie County Regional Planning. Staff will soon be engaging each entity about the possibility of moving these funds to other relevant and eligible projects, but our only option is to return any unused monies.

The closing date for the RFQ for construction inspection and construction administration was June 3<sup>rd</sup>. We received a single RFQ, so the city will now enter into negotiations on pricing for these services.

**Route 13 Crosswalks:** Staff have recommended contracting with DL Smith for this project. The project is expected to be substantially completed in 2025.

The closing date for the RFQ for construction inspection and construction administration was June 3<sup>rd</sup>. We received a single RFQ, so the city will now enter into negotiations on pricing for these services.

**Sawmill Parkway Reconstruction:** Staff and EDA have finally closed this project out. The City will now receive its final disbursement of \$107,000. Again, we are very appreciative of all our funding partners that made this project possible.

**South Main Street Streetscape Design and Engineering:** The City has received updated cost estimates from OHM and is reviewing internally. Once reviewed by staff, Council will be briefed and a work session scheduled to determine if we desire to move forward with the project and if so, whether the proposed scope of work should be amended.

**Rt 6 Phase II:** The City has received updated cost estimates from OHM and is reviewing internally. Once reviewed by staff, Council will be briefed and a work session scheduled to determine if we desire to move forward with the project and if so, whether the proposed scope of work should be amended.

Phase 1-2 plan set was submitted to ODOT for review and some clarifying questions were asked of us. The City, Transystems and OHM conducted a meeting, and all questions/clarifications have been addressed and returned to ODOT.

**Electric Trail Connector:** The city applied for and was awarded a grant from ODOT (TAP) funding of \$533,000. The project is still in its conceptual phase but will connect the Lake Erie Electric Trail to the soon to be constructed US6 Connectivity multi-use pathway that will run from BGSU to Sandusky and beyond. We thank ODOT for their continued support of our connectivity projects.

## ZONING/CODE/PLANNING

**ConAgra Development:** The General Development Concept Plan was received. Staff coordinated an internal departmental meeting to conduct preliminary review of the plans to identify any non-compliant items, safety concerns, and input/comments from city staff. These reviews were incorporated into the staff report that was presented to the Planning Commission/DRB during a public hearing on May 21, 2025. This site layout plan was approved. This was the first of at least two public hearings at the PC/DRB level before a recommendation is made to City Council.

A public hearing was carried out at the Planning Commission meeting on May 21<sup>st</sup>, 2025. The Commission then discussed the site layout and voted to approve it as presented. The developer will now finalize the remaining items for submission and Planning Commission consideration.

It is expected that the developer will submit the balance of the plans for approval by Planning Commission at the upcoming meeting on June 18<sup>th</sup>.

**OJD Holdings LLC Rezoning Application:** OJD Holdings LLC applied on 5-19-25 for the rezoning of three (3) parcels on River Road from I-2 to B-3. This application will be placed on the Planning Commission/DRB agenda for 6-18-25, at which time a Public Hearing will be held.

**AccuGlobe Software:** This software allows staff to assign, correct and/or edit addresses. The program links to Erie County and the 911 system. With the Two Rivers, Conagra and River Road developments on the horizon, staff will be putting the system to use very soon. The Building Official has been providing this service since the departure of the Planning Director. Thank you to John Zimmerman.

**Code Enforcement:** There have been 42 code enforcement cases year-to-date (exterior conditions, tall grass/weeds, vehicles parked on grass, sightline obstructions, light trespass, signage). The City has had 5 properties mowed so far this year and anticipates at least three properties will require mowing on a schedule of every two weeks once again this year.

**Business/Commercial Meetings:** Staff met/corresponded with several businesses over the last few weeks on inquiries related to signage, accessory structures, and expansions/additions. Staff provided an overview of zoning requirements and reviewed the process of approvals and permits required. We anticipate applications to the PC/DRB soon.

**Code Amendments:** We continue to document code sections that are antiquated, contradictory, absent and/or unclear as written. As time allows, research and documentation into other municipal codes are compiled and are then shared with Administration for review and approval to ultimate introduction to City Council. Staff continue researching and reviewing the impact of ADU's in R-1 Zoning Districts at the request of City Council; an internal meeting is anticipated with Legal to discuss.

**Transient Rentals; Lodging Tax Registration:** The Zoning Inspector has researched properties that appeared to not be registered with the County for Lodging Tax collection. It was determined that many are not renting the properties, while others have since registered. The Zoning Inspector continues to monitor and coordinate with Erie County.

We presently have 16 applications on the Wait List. We have been as high as 22 a couple of times and the list continues to move with expiration of certificates, buyers who do not desire to renew, or buyers who fail to meet the deadline to transfer an active certificate. The database of registered properties and the wait list database are posted on the website.

**Preliminary Reviews:** Staff have met with several residential property owners in recent weeks contemplating substantial additions and/or rebuilds. These meetings provide an overview of the code regulations, and an opportunity to discuss potential options for plan revisions to reduce and/or eliminate the need for variances.

**Firelands Scientific Temporary Greenhouse Structures:** Firelands Scientific has submitted applications and plans for four (4) temporary greenhouse structures. These plans were previously approved by the Planning Commission/Design Review Board. The application and plans are currently in Zoning Review and have been distributed to OHM Advisors and Erie Soil and Water for SWPPP evaluation and plan review deposit determination. Following approval by Zoning and approval of the SWPPP, the applications and plans will be submitted to the Building Department.

**Long John Silvers:** The former Burger King building on Cleveland Road W was purchased and the new use will be a Long John Silver's restaurant. All Zoning and Building permits have been issued. Demolition is completed and construction is well underway.

**Ohio House and Senate Bills:** Staff and the SSEG team are keeping tabs on several Ohio State Legislatives bills that are making their way through the statehouse. As these bills progress, we will continue to keep Council apprised. Relevant bills include:

- Senate Bill 104 – relating to transient rentals. The proposed bill would erode home rule authority on a jurisdiction's ability to limit the number of transient rentals and manage certain elements of their operations.
- House Bill 160 – related to recreation marijuana. The bill would make alterations to the newly enacted recreation marijuana program. Of most interest to Huron is whether the existing 3.6% local tax that was permitted in the original law will remain in any potential amendments.
- House Bill 113 – related to annexation. The bill would create limitations to a jurisdiction's ability to proceed with annexations as they have historically – namely, providing more power the County Commissioners or County bodies to determine ultimately if an annexation between City/Village and Township is "in the best interest" of the County.

## PARKS AND RECREATION:

**Kids Learn to Fish Day:** The City of Huron Parks & Recreation Department received grant funding in the amount of \$2,500 from the Wightman/Wieber Foundation to support its inaugural "Kids Learn to Fish Day" scheduled for Tuesday, August 12, 2025, at the new Dancing Waters Pond Park located on Berlin Road. This event will provide 30-40 children with an engaging, hands-on fishing experience while also offering an educational component about fishing techniques, water safety and conservation.

**Safety Town:** Safety Town is a 2-week program held at Woodlands School M-W on June 16-18 and June 23-25.

This program familiarizes children entering Kindergarten in the fall of 2025 with the new settings they will experience when they start school. The Police and Fire Departments, the Erie County Sheriff and Firelands Health participate in the program, teaching important safety lessons presented in a fun and memorable way. There are still a few spaces left.

Registrations are open online on the City's website at:

[https://cms2.revize.com/revize/cityofhuron/business\\_detail\\_T5\\_R36.php](https://cms2.revize.com/revize/cityofhuron/business_detail_T5_R36.php)

A promotional graphic for the Safety Town program. It features a circular inset photo of a firefighter in full gear interacting with a group of young children. The text 'Safety Town' is written in large, bold, red letters. Below this, it says 'Calling all new Kindergartners' in orange. Further down, it states 'Join us in learning important SAFETY lessons presented in a FUN & MEMORABLE way!' in black. The dates 'June 16-18 & June 23-25' are prominently displayed in blue, followed by '(two week program, Mon - Wed both weeks)' in a smaller blue font. The time '9 AM to 12 PM' and location 'Woodlands School' are listed in green. Registration fees are shown in orange: 'Registration - \$50 Resident / \$55 Non-Resident'. At the bottom left is a small logo of a bird, and at the bottom right is the Huron Parks & Recreation logo, which includes a tree icon and the text 'HURON parks & recreation'. A line of text at the bottom reads 'Proud supporter of the Huron Safety Town Program!'.

**Clock Tower Repairs:** The clock tower at the corner of Main St. and Cleveland Rd. requires replacement of its motors and micro switches. AmeriClock, the company that installed the clocks in 2016, is providing the parts and Brady Signs will be installing them.

**Fish Sculpture at Huron River Boating Access Facility:** The Parks & Recreation Department has been working with the Fish Huron Ohio group as they would like to donate a hanging fish sculpture to be located at the Huron River Boating Access Facility. This public art piece will provide fishermen with the ability to show off their catch and take pictures while promoting Huron as a fishing destination. The donation will be made to ODNR and through the terms of the existing MOU, the City will be responsible for managing and maintaining the donation. The art installation would be a stainless-steel sculpture with a concrete base and will be located north of the existing fish cleaning station.

**Restroom Demolition:** The demolition and removal of the old restroom building on the south side of the Boat Basin Marina continues. These restrooms were built in the early 1970's and were last cosmetically updated in 1996. These restrooms are being demolished as part of the plan that included construction of the "new" marina in 2021 due to increasing operational maintenance costs. Demolition of the structure began on May 6<sup>th</sup> and is now complete.

**Huron Lake Front Market Event:** Join us for the Huron Lake Front Market event taking place this coming Saturday, June 7<sup>th</sup> from 9am to 3pm. You can shop at local craftsman booths, get your face painted, listen to live music, and enjoy delicious food, all with a wonderful view of Lake Erie.

**HURON  
LAKE FRONT  
MARKET**

**Saturday, June 7<sup>th</sup>, 9am-3pm @ Huron Lake Front Park**

Beagle Bay Knot Works	Lake Coast	Rustic Antiques and Gifts
Botany Green Plant Company	Leather Junkie & Co.	Shabby Shore
Brook Haven Apiary	Leisurely Lakeside	Ship Faced Bloody Mary Mix

**State Capital Budget:** The city has informally been told that we will be receiving \$200,000 from the State of Ohio as part of the first \$350M in one-time Strategic Investment funding. There will be another \$350M announced shortly which is on top of the state capital funding bill. The \$700M is from a one-time allocation of surplus operating funds from the state of Ohio. These funds will be used to offset part of the necessary capital improvements needed at the Boat Basin site. We will keep Council up to date as we get more formal information about this funding.

**Huron Farmers Market:** Enjoy the return of Huron's weekly Farmer's Market at Lake Front Park every Thursday from 4pm-7pm through October 2<sup>nd</sup>.

**Berlin Road Property:** At the final Council meeting in January, it was decided the greenspace on Berlin Road would be renamed Dancing Waters Park – as a bit of an acknowledgement to the family that was responsible for developing the man-made lake on-site. Staff are moving forward with ordering the signage for installation sometime in the Spring of this year.

### SAFETY SERVICES

**Tobacco Use Prevention:** The Police Department participated with the Tobacco use Prevention Grant from the Ohio Department of Health, which aims to reduce tobacco use through prevention and by conducting tobacco compliance checks. Compliance checks were conducted throughout the City and no violations were found.

**FLOCK License Plate Readers:** The first of three new FLOCK cameras included in the 2025 budget were installed on Rt. 6 at By-the-Shores westbound. The last two are expected to be installed by next week. The addition of these three cameras in 2025 will bring our total to eight cameras. The program continues to be a tremendous asset for our police department with investigations and the solvability rate of our hit/skip accidents and thefts has increased exponentially.

**K9 Fundraiser Scheduled:** The K9 Fundraiser held at the Pied Piper June 5<sup>th</sup> was a great success. Thanks to everyone who turned out to support Jax and thanks to all the Officers involved in making this event a success.

**Ambulance Down:** The Fire Department has had one of our ambulances out of commission to receive some bodywork restoration. We expect this unit to reenter service next week.

## FINANCE

**Income Tax:** Through May, income tax receipts still are trending positively and are 8% higher than this time in 2024. Through the end of May, receipts total \$1.9M. We will continue to monitor receipts as it is difficult to get a clear picture of performance until around June of each year, but it has been a positive start to 2025.

**Real Estate Taxes:** The City's first half tax settlement was approximately \$112,000 higher than 2024 receipts. Assuming the second half settlement is similar, the City would anticipate receiving approximately \$225,000 in increased real estate tax receipts due to the re-evaluation process. This would represent an 8% increase compared to last year (City budgeted for a 3% increase).

**2026 Tax Budget:** A Public Hearing on the 2026 Tax Budget has been set for July 8<sup>th</sup>, 2025, at the regular Council Meeting.

**Monthly Financials (April):** <https://stories.opengov.com/huronoh/published/zTrLx0jVO>

## WATER DEPARTMENT

### Recent Activity:

- The sludge lagoon was dredged off by staff during the week of May 12<sup>th</sup>. The lagoon will be dredged again after the summer season.
- The filter-to-waste Rotork actuators are onsite and are in the process of being installed. The main line filter-to-waste valve was replaced by staff and a significant increase in flow has been observed.
- A new 2025 Mack Dump Truck has been ordered from Northern Ohio Truck Center. The new vehicle is expected to be delivered in September.
- A new plug valve for Sedimentation Basin #1 has been received. The original valve from 1992 has failed. The new valve will be installed by staff on June 10<sup>th</sup> and the project is scheduled for 2 days. This process involves completely draining Sedimentation Basin #1 and it will be inspected at this time, as well.
- The chemical pump project has been completed, including all related SCADA work.
- Road repairs from water distribution projects and leaks over the winter have been completed.

### Active Project Updates:

**Alternate Intake/Sludge Lagoon:** The emergency intake and sludge lagoon rehab drawings have been completed. Minor changes were recommended by the Water Superintendent. The design and engineering for this project have been sent to the Ohio EPA for approval. Once approved by the OEPA, the project may go out to bid. This project was also nominated for interest-free funding

through WSRLA. A response from the OEPA was received on 4/4/25 with numerous questions and comments. The largest concern is that the OEPA is requesting 12 months of water quality data from the Huron River. The Water Superintendent inquired with Kleinfelder numerous times over the past 2 years if the city should be collecting water samples for analysis. The city was assured that this was not necessary as this intake is to only be used in an emergency and will not be a permanent source. The Water Superintendent is awaiting a response from Kleinfelder. Once approved by the OEPA, the project may go out to bid. This project was also nominated for interest-free funding through WSRLA and will be taken to council for approval on 6/10/25.

**West Side Water Tower:** Bids were opened on 5/21/25 and 3 total bids were received. A letter of recommendation from Kleinfelder was received on 5/23/25. Landmark Structures had the lowest and best bid in the amount of \$8,413,000.00 and this was legislated at the 5/27/25 Council meeting. Funding requests for WSRLA through DEFA will be taken to council for approval on 6/10/25. An extension was granted to commit funds for the \$5M grant from the Department of Development. The project must be awarded by 6/30/25 and construction must be completed by 8/1/26. Kleinfelder estimated the project will be completed by 5/31/26. Staff met with Ardagh on 5/1 to discuss required easements. We expect the property transfer in the coming weeks. Staff also met with First Energy to verify the expected power path and required easement to provide power to the tower.

**Plant Re-Rating:** A response was received from the OEPA on 4/17/25. The Water Superintendent is navigating a response and will accurately provide the information requested by the OEPA. A professional engineer will be needed to sign off on the project for final approval and this will be provided by Kleinfelder. The Water Superintendent is actively working to resolve these questions with Kleinfelder as the plant rerating is of the utmost importance

## STREETS DEPARTMENT

**Light Pole Removed:** The Frontier pole at 212 Berlin Rd. has been removed.

**Curb Painting:** Curb Painting is underway, starting with Chaska Beach and heading west into Old Homestead.

**Storm Line Cleaning:** The storm line on Main Street from Jefferson to Williams was jetted. This revealed a buried manhole/catch basin, which was cleaned out.

**Tree Program – District 3:** Resident responses to the tree maintenance letters mailed earlier this spring are picking up now that the weather has improved. There has been a lot of activity by both homeowners and contractors removing and/or trimming trees in the Old Plat neighborhood.

**Sidewalk Program – District 4:** Thirty-nine (39) Courtesy sidewalk maintenance letters were mailed to residents on Friday, June 6<sup>th</sup>.

## HURON PUBLIC POWER (HPP)

**Distribution Rate Study:** This has been progressing for several months. With the increasing costs of maintenance and the additional debt being borne from the purchase and installation of the new third transformer, a rate increase is required. This went before the Utilities Committee for initial review on February 5<sup>th</sup> and was presented to the Utilities Committee one final time on May 7<sup>th</sup> for consideration. The Committee recommended the proposed rate increase, and legislation will be drafted and brought before Council for consideration for three readings in June.

**3<sup>rd</sup> Transformer:** The City participated in a bond ratings call with Moody's during the week of March 31<sup>st</sup> as a leadup to the bond issuance for the 3<sup>rd</sup> transformer. A follow up call was held on April 9<sup>th</sup> to understand our current bond rating (which we anticipate remaining the same – which is a good thing) prior to us going out to the market for bids. Given the limited number of customers on HPP and the fact that they are all private entities, the bonds are expected to be taxable versus tax-exempt, meaning higher interest rates.

These bonds were sold on April 17, 2025 at a rate of 5.55% over a 15-year period. Our excellent Moody's rating helped keep this rate down.

We have had to postpone the expected delivery of the third transformer due to problems with compaction on the substation site. AMPT are working through these issues and once remediated, we will be able to reschedule delivery.

**Switch Gear Delivered:** The switch gear that will connect the new transformer to our existing infrastructure was delivered on May 7<sup>th</sup>. Council previously approved the switch gear purchase from PEPCO in January of 2025 in the amount of \$710,780.

**Expansion Under the Tracks:** This project is progressing well. Electrical cable is still to be pulled, along with dome final restoration work to be completed. This will allow HPP to provide electric service to Sawmill Parkway, with our first new customer expected to join HPP in May of this year.

We completed the final connections and testing on the expansion project. Our contractor will ensure restoration work is completed prior to demobilizing. This is an exciting time for this Utility.

**Electric Aggregation:** The City aggregation program expires in July. Due to the market, we are unable to provide meaningful aggregation pricing and will, therefore, let the program expire. We will continue to monitor the electric market and will aggregate again when pricing makes this beneficial. Residents will be automatically returned to Ohio Edison upon expiration of the program and will not need to take any action. However, we suggest they shop around on their own to find competitive pricing. Sites like Energy Choice Ohio Apple to Apples ([Energy Choice Ohio - Apples to Apples](#)) will present options for Residents to sign up on their own.

## PERSONNEL

**Finance Director:** Isaac Phillips was appointed as the City Finance Director at the May 27<sup>th</sup> Council meeting. Isaac will start June 30, 2025. We are very excited to welcome Isaac.

**Police Officers:** The City continues to pursue all avenues to hire Police Officers for our open position and upcoming retirements.

**Fire Department:** The Fire Department currently has an opening for a full time Firefighter. Applications can be found on the City website.

**Part Time/Seasonal Staff:** The City is still accepting applications for part-time/seasonal staff to work at the Boat Basin. Applications can be found on the City website.

## AGREEMENTS/CITY MANAGER APPROVALS

**Huron 5K Series Banner:** A request from the Huron 5K Series to place two 4'x8' banners on the pedestrian walk bridge from June 12 through November 28 was approved on June 3, 2025. There will be six races this year:

July 12 – River Run 5K

July 19 – Beulah Beach 5K

August 9 – Abbey Rose Trail Run 5K

September 13 – Huron PTO 5K

October 25 – St. Peter School Spooktacular 5K

November 27 – Judi Lively Memorial Annual Turkey Dash 5K

**Army Corps of Engineers West Pier Project License Agreement:** The City Manager will be entering into a License Agreement with Morrish-Wallace Construction, Inc., dba Ryba Marine Construction, Co., to allow them to drive concrete trucks onto a portion of City property for the purpose of emptying their payloads of uncured concrete into a concrete pump as part of the West Pier Bank Wall Project being run by the Army Corps of Engineers. The Licensee will be granted non-exclusive use from September 2, 2025 through October 24, 2025. The City retains the right to terminate the Agreement with 48 hours' notice. There will be no charge for use of the licensed property.

### State of the Community Address:

The City Manager will be presenting the Huron State of the Community Address on Wednesday, June 11<sup>th</sup> at BGSU Firelands from 5pm-7pm.

Admission is free with proof of registration. You can register online at:

<https://business.greatersandusky.com/events/>

### PROJECTS OUT FOR BID

### CONTRACTS

- Dynegy Electric Aggregation Agreement (Res 29-2023) – **Expires 7/30/25.**
- Dynegy Electric Standard Large Stable Service Agreement (Res 54-2023) – **Expires 08/31/25.**
- Emergency Services Agreement with Huron Township (Res 85-2024) – **Expires 12/31/25.**
- OHM Advisors (Res 95-2024 Engineering) – **Expires 12/31/25.**
- HJRD Annual Agreement (Res 9-2025) – **Expires 12/31/25.**
- Erie Soil and Water Conservation District (Res 8-2025) – **Expires 1/31/26.**
- Seeley, Savidge, Ebert & Gourash Co., LLP (Res 35-2025) – **Expires 6/3/26.**
- Building Official – Service Agreement (Res 43-2021) - **Expires 7/25/26.**
- School Resource Officer (Res 32–2024 & Res 33-2024) – **Expires 8/31/26.**
- Republic Services (Res 44-2023) – **Expires 12/31/26.**
- City Prosecutor Employment Agreement (Res 79-2024)– expires **12/31/26.**
- Personnel Officer Employment Agreement (Res 78-2024) – expires **12/31/26.**
- Dispatch Agreement – Erie County Sheriff (Res 101-2024) – **Expires 12/31/26.**
- FOP-Sergeants Collective Bargaining Agreement (Res 100-2024) – **Expires 12/31/27.**
- FOP – Patrol Officers Collective Bargaining Agreement (Res 99-2024) – **Expires 12/31/27.**
- AFSCME Collective Bargaining Agreement (Res 102-2024) – **Expires 12/31/27.**

- IAFF Collective Bargaining Agreement (Res 7-2025) – **Expires 12/31/27.**
- Charles E. Harris & Associates GAPP Conversion (Res 10-2025) – **Expires 12/31/27.**

## UPCOMING MEETINGS

### June Meetings:

- BZA – Monday, June 9<sup>th</sup> at 5:30pm in Council Chambers.
- Council Work Session – Tuesday, June 10<sup>th</sup> at 5:30pm in Council Chambers.
- City Council Meeting – Tuesday, June 10<sup>th</sup> at 5:30pm in Council Chambers.
- Planning Commission – Wednesday, June 18<sup>th</sup> at 5:00pm in Council Chambers.
- City Council Meeting – Tuesday, June 24<sup>th</sup> at 6:30pm in Council Chambers.
